Loni.

Sub: - Permission to conduct English Speaking Certificate course

Respected Sir,

       With reference to above cited subject, I Ar. Nilima Dhamal would like to request you allow me to conduct a certificate course on English Speaking. The students of 1st year need to present their viva-voce for all the subjects in English and correct architectural terminologies. After speaking to Students we have noticed that most of them coming from rural background face issues in communicating in English language.

I would like to take the responsibility for conducting the English-Speaking certificate course. Further, if you permit, I would prepare the syllabus for the same and send for your kind approval.

Yours Faithfully,

Ar. Nilima Dhamal

CERTIFICATE COURSE ON ENGLISH SPEAKING

</div>

Course Duration: 30 hours

AIM:

The aim of this course is to enhance the English-speaking skills of First year architecture students, enabling them to effectively communicate their ideas, concepts, and thoughts related to architectural design, planning, and presentations.

OBJECTIVES:

By the end of the course, students will be able to:

Communicate fluently and confidently in English, with a focus on architectural terminology.

Deliver concise and coherent presentations on architectural topics.

Engage in discussions, debates, and group interactions related to architecture.

Write clear and effective emails and reports in an architectural context.

Improve listening skills to understand spoken English in architectural contexts.

SYLLABUS:

Module 1: Introduction to English Communication in Architecture (2 hours)

Importance of effective communication in architecture

Overview of the course objectives and structure

Building architectural vocabulary

Module 2: Pronunciation and Articulation (2 hours)

Correct pronunciation of architectural terms

Practicing difficult sounds in architectural vocabulary

Articulation exercises for clarity

Module 3: Architectural Presentations (6 hours)

Structuring an architectural presentation

Delivering presentations confidently

Using visual aids effectively in presentations

Module 4: Group Discussions and Debates (4 hours)

Participating in architectural discussions

Engaging in debates on architectural topics

Developing persuasive speaking skills

Module 5: Business Communication in Architecture (4 hours)

Writing effective emails for professional communication

Composing architectural reports and proposals

Reviewing and editing written content

Module 6: Listening Comprehension (4 hours)

Listening to architectural lectures and talks

Understanding different accents and speaking styles

Extracting key information from audio sources

Module 7: Real-world Architectural Communication (4 hours)

Simulated client meetings and role-play scenarios

Collaborative design discussions in English

Negotiation and problem-solving exercises

Module 8: Final Presentation and Assessment (4 hours)

Each student presents an architectural concept or project

Incorporating skills learned throughout the course

Peer and instructor feedback for improvement

Course Outcome:

Upon completion of this course, students will be able to confidently express their architectural ideas, engage in meaningful discussions, deliver effective presentations, and communicate professionally in English within the architectural context.
