Summary:

The NSS Special Winter Camp, organized by Pravara Rural College of Architecture (PRCA), Loni, commenced on 8th January 2023 with an inaugural function held at Pravara Highschool ground. Mrs. Poonam Barde, the Sarpanch of the village, served as the program chairperson. The event was graced by the presence of local school committee members, including President Mr. Bhimraj Shelke and Upsarpanch Mr. Ashok Lahamge. Other dignitaries, such as the Village Society president, vice president, police patil, gramsevak, Principal of the school Mr. Sinare, as well as all staff members and students of Pravara Highschool, were also present. Mr. C.M. Shelke, a school committee member, addressed the audience, providing information about NSS and village development. Prof. Dipeeka Arbatti, the Program Officer (PO), gave an overview of the seven days residential camp. Principal Prof. Tejashree Thangaokar also addressed the audience, and Prof. Suraj Ubale anchored the function. Prof. Dipeeka Arbatti delivered the vote of thanks.

Student completed activities like Free dentle and himoglobin check up camp in collaboration with Pravara Medical Trust, paintings on Anganwadi walls, Development of childrens play area of ZP school, Clening and plantation activity at Cremetorium, performing Street play on Swacha Bharat, Street Play On Beti Bachao, Water Body Cleaning, Awareness about renewable energy, Soil and water conservation etc. At base camp everyday one group of students were given resposibility of lunch and dinner preparation, which students completed very enthusiastically.

Seven days Lecture series on various subjects were organised for school students and citizens. Pror. Raju More conducted lecture on Role of National Service Scheme in village development, Dr. Kanchan Deshmukh talked on diet and nutrition, Dr. Anil Wable shared thoughts on Organic Farming and medicinal plants, Pror. Rajendra Pawar described the the of youth in National Unity, Advocate Ganesh Anarthe shared thoughts on Child marriage and law, Prof. Sonali Chaskar gave immence knowledge on Natural resources and its consorvation, Dr.Ashok Bidgar talked about Historic forts and its conservation. Free Dental and himoglobin chek up camp was organised in collaboration with Pravara Medical Trust's Dental college, where 10 doctors team visited the base camp and sucessfully completed check up of total 155 paitients. Anganwadi painting was cpmpleted by PRCA students. Childrens play Area of z.p. school was developed by using waste vehical tyers.

The NSS Special Winter Camp concluded on 14th January 2023 with a valedictory function held at Pravara Highschool playground. Mr. Kondiram Shelke served as the program chairperson. Principal Prof. Tejashree Thangaokar and Vice Principal Prof. Sonali Chaskar felicitated the honorable guests by presenting saplings. Mr. Kondiram Shelke praised the hard work and dedication displayed by the PRCA students and teachers. Sarpanch Poonam Barde appreciated the innovative activities, particularly the Anganwadi painting and the development of the school's play area. Mr. Sinare, Principal of Pravara Highschool, admired the discipline and behavior of the PRCA students. Best Volunteer and Best Volunteer Group were awarded medals by the honorable guests, and NSS volunteer representatives shared their thoughts on the camp. Prof. Dipeeka Arbatti gave the vote of thanks. The NSS Special Winter Camp at Pravara Rural College of Architecture, Loni, was a successful and impactful event. The students actively participated in various activities aimed at contributing to the community's development and raising awareness on critical subjects. The camp fostered a spirit of social responsibility and community engagement among the participants, leaving a positive impact on both the village and the students involved.

Summary:

The Blood Donation Camp jointly organized by PRCA Loni and Pravara Medical Trust's Blood Bank was held successfully on 20/12/22. The event served as a remarkable initiative to collect blood donations and create awareness about the crucial role of blood donation in saving lives. The camp saw active participation from students, faculty, and staff members of PRCA Loni, as well as members of the local community. Dr. Pranjali Jadhav and Dr. Ayush Bhore from Pravara Medical Trust delivered informative sessions about the significance of blood donation, its impact on patients in need, and the donation process. The speakers also debunked myths and addressed common concerns related to blood donation, motivating potential donors to come forward. A total of 100 bottles of blood were collected during the camp, which is a testament to the generosity and compassion of the participants. The blood donation process was supervised by a team of skilled medical professionals, ensuring the safety and well-being of the donors. Pre-screening and medical checks were conducted to identify eligible donors, ensuring

adherence to strict medical guidelines and standards. The donors were provided with post-donation refreshments and a rest area to aid in their quick recovery and well-being.

The Blood Donation Camp had a profound impact on the community and the participants. The collaboration between PRCA Loni and Pravara Medical Trust's Blood Bank showcased the importance of community initiatives in addressing critical healthcare needs. The event inspired a sense of unity and a spirit of giving among the participants, contributing to the welfare of patients in need of blood transfusions. The Blood Donation Camp organized by PRCA Loni in collaboration with Pravara Medical Trust's Blood Bank was a resounding success. The event not only collected a substantial number of blood bottles but also created a positive impact on the community, encouraging more people to actively participate in such lifesaving initiatives. With the support of the community and continued efforts, we can ensure a steady supply of blood for patients in need, saving numerous lives in the process.

VIRTUAL NATIONAL CONFERENCE ON PERI-URBAN ARCHITECTURE AND PLANNING

JANUARY 2023

LOKNETE. DR. BALASAHEB VIKHE PATIL
(PADMA BHUSHAN AWARDEE)
PRAVARA RURAL EDUCATION SOCIETY'S
**PRAVARA RURAL COLLEGE
OF ARCHITECTURE LONI**

In Collaboration With

Ahmednagar Centre
Maharashtra Chapter

•PREAMBLE:

Peri-urban areas are zones of transition from rural to urban land uses located between the outer limits of urban and regional centers and the rural environment. The boundaries of peri-urban areas are porous and transitory as urban development extends into rural and industrial land. Different issues such as Environment and Ecology, Changing Architectural Character, Urban and Rural Planning Issues, Social and Economical Aspects and change in social behavior are rarely addressed inclusively. Comprehensive approach towards managing these issues is very important and required to be considered at policy level too with priority. The conference aims at providing an apt platform for the concerned professionals, academicians, policy makers to deliberate on the same. The proceedings and outcome of the conference in the form of a set of guidelines will be useful while drafting and designing the strategies for Peri Urban areas in the Indian context.

CALL FOR PAPERS

THEMES:

1. Environment and Ecology.
2. Changing Architectural Character.
3. Urban and Rural Planning Issues.
4. Socio-Economical Aspects and Social Behavior.
5. Administration and Policy Making.
6. Urban Form.
7. Natural and Cultural Landscape.
8. Natural and Built Heritage.
9. Infrastructure Planning.
10. Smart City and Peri-urban development.

NOTE:

Accepted Papers will be Published in
Conference Proceedings with ISBN No

SUBMIT YOUR PAPERS ON:

prcaconference@pravara.in

ABSTRACT SUBMISSION GUIDELINES:

Abstract should contain Title of the paper, Aim, Objectives, Methodology, 3-5 Key words, Name Of the Authors, Designation, E mail ID, Affiliated Institute/Organization. Abstract should be Subject specific and goal oriented, abstract with maximum 300 words will be selected by the review committee.

IMPORTANT DATES:

**EXTENDED ABSTRACT SUBMISSION DATE -
15 NOVEMBER 2022**

- Abstract Acceptance – 22 November 2022
- Full Paper submission - 8 January 2023

Aim:	The conference aims at providing an apt platform for the concerned professionals, academicians, policy makers to deliberate on Peri Urban Architecture and Planning.	
Objectives:	<ul style="list-style-type: none">● To Collect Abstracts from professionals, academicians, policy makers.● To select potential full length research papers● To conduct 3 days virtual national conference● To publish book of proceeding with ISBN number	
Duration:	3 Days 02/02/23 to 04/02/23	
No. Of Participants:	50	

Summary

Peri-urban areas, the transitional zones situated between urban and rural environments, have emerged as crucial landscapes due to the ongoing expansion of urban development. These zones are marked by porous and transitory boundaries as cities extend into rural and industrial territories. However, the multifaceted challenges posed by peri-urban areas, including environmental concerns, architectural changes, urban-rural planning issues, socioeconomic dynamics, and shifts in social behavior, have often been addressed in isolation. A comprehensive approach to managing these challenges is essential, and policy-level consideration is imperative.

In response to these challenges, a three-day virtual national conference was organized, aimed at fostering discussions among professionals, academicians, policy makers, and experts. The conference served as a platform for deliberating on the intricate complexities associated with peri-urban areas and exploring potential solutions.

Conference Objectives: The primary goal of the conference was to facilitate inclusive discussions on the multifaceted issues within peri-urban areas. The conference aimed to:

Address Comprehensive Issues: Bring together various stakeholders to discuss the diverse range of challenges in peri-urban areas, including environmental concerns, architectural shifts, urban planning, socioeconomic aspects, and changes in social behavior.

Highlight Policy Implications: Advocate for policy-level considerations to address peri-urban challenges more effectively and holistically.

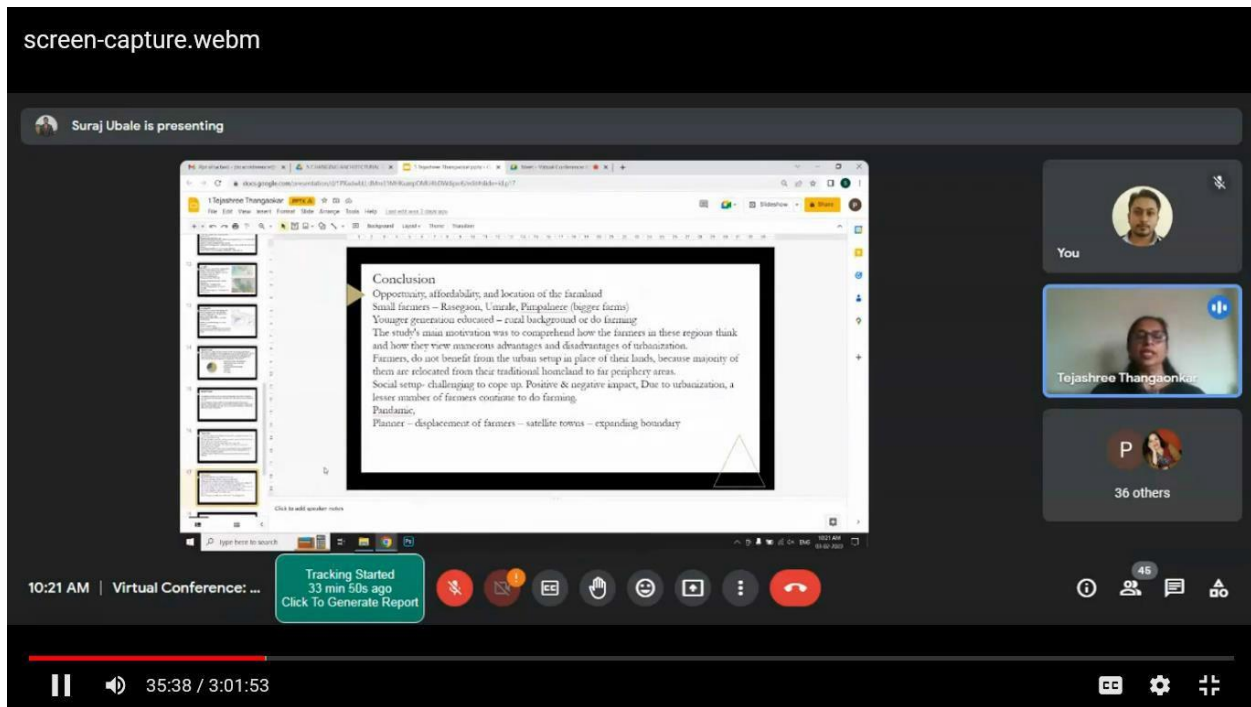

Share Knowledge and Strategies: Enable professionals, academics, and policymakers to share their insights, strategies, and best practices for managing peri-urban landscapes.

Conference Proceedings: The conference witnessed the participation of keynote speakers, session chairs, and experts from diverse fields related to peri-urban issues. These luminaries shared their expertise, insights, and innovative approaches to managing the complex challenges posed by peri-urban areas. The discussions spanned a wide range of topics, offering a comprehensive view of the issues at hand.

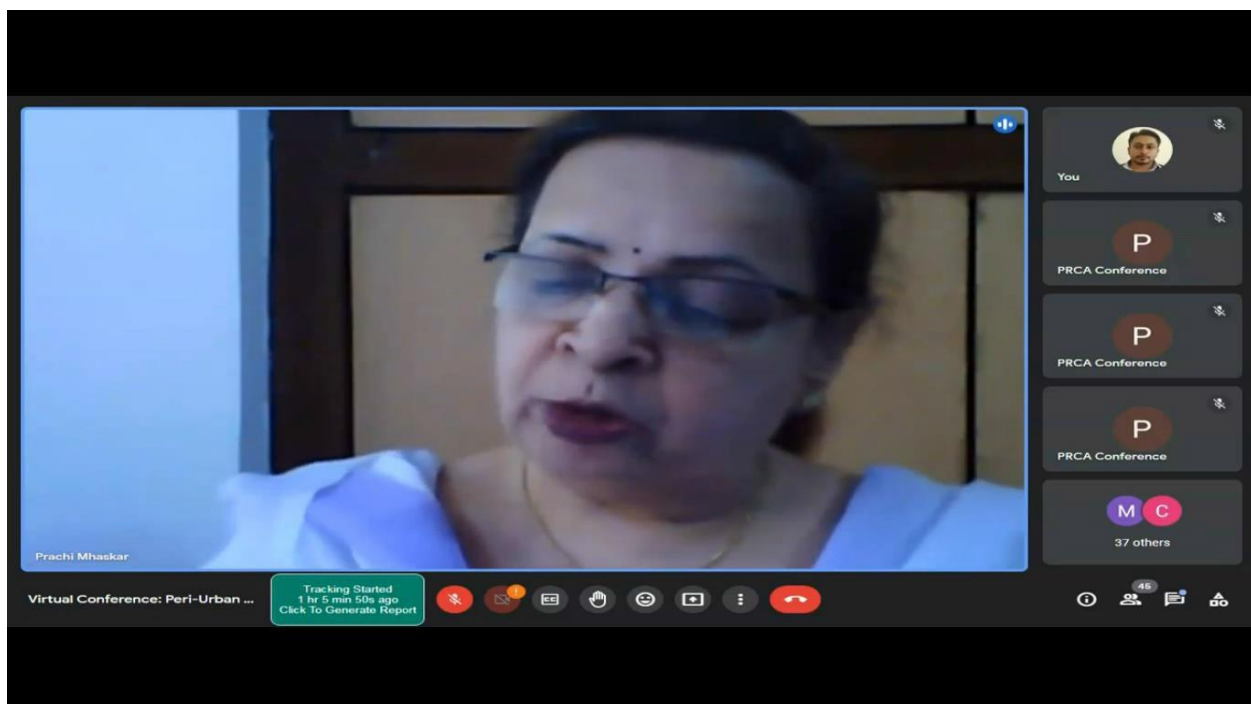

Various committees comprising members of the PRCA staff worked diligently to organize and manage different aspects of the conference, ensuring its success and smooth execution. The conference provided a holistic platform for knowledge exchange, collaborative thinking, and networking among professionals with a shared interest in peri-urban areas.

Outcome and Impact: The conference's outcomes and insights are expected to contribute significantly to future policy formulations and strategies concerning peri-urban areas in India. The proceedings and guidelines generated as a result of the conference, complete with ISBN number 978-81-960313-0-5, will serve as valuable resources for drafting and designing strategies that address the multifaceted challenges within peri-urban landscapes.

In conclusion, the national conference on peri-urban areas marked a pivotal moment for comprehensive discussions on the challenges within these transitional zones. By fostering dialogue and knowledge exchange among experts and stakeholders, the conference aimed to pave the way for more holistic and effective approaches to managing peri-urban areas in the Indian context.

Threats

- New planning and land use policies can threaten the natural and cultural resources.
- Need to have sensitive planning interventions which respect the existing resources.
- Economic growth potentials mapped alongside the natural and cultural potentials to avoid harm.
- Redefining "land uses" – contextualizing the recreational / public open spaces by continuing the existing natural systems.
- Avoiding superimposition land uses based on theoretical principles of neighbourhood. Neighbourhood to be reinterpreted for the peri urban spaces.

VIRTUAL NATIONAL CONFERENCE ON **PERI-URBAN ARCHITECTURE AND PLANNING** FEBRUARY 2023

• ABOUT THE CONFERENCE :

Peri-urban areas are zones of transition from rural to urban land uses located between the outer limits of urban and regional centers and the rural environment. The boundaries of peri-urban areas are porous and transitory as urban development extends into rural and industrial land. Different issues such as Environment and Ecology, Changing Architectural Character, Urban and Rural Planning Issues, Social and Economical Aspects and change in social behavior are rarely addressed inclusively. Comprehensive approach towards managing these issues is very important and required to be considered at policy level too with priority. The conference aims at providing an apt platform for the concerned professionals, academicians, policy makers to deliberate on the same. The proceedings and outcome of the conference in the form of a set of guidelines will be useful while drafting and designing the strategies for Peri Urban areas in the Indian context.

INAUGURATION AND VALEDICTORY

Hon. Shri. Radhakrishna Vikhe Patil
Cabinet Minister, Maharashtra.
Chairman, Pravara Rural Education Society.

Duration:	3 Days 02/02/23 to 04/02/23	
No. Of Participants:	50	

Summary

Peri-urban areas, the transitional zones situated between urban and rural environments, have emerged as crucial landscapes due to the ongoing expansion of urban development. These zones are marked by porous and transitory boundaries as cities extend into rural and industrial territories. However, the multifaceted challenges posed by peri-urban areas, including environmental concerns, architectural changes, urban-rural planning issues, socioeconomic dynamics, and shifts in social behavior, have often been addressed in isolation. A comprehensive approach to managing these challenges is essential, and policy-level consideration is imperative.

In response to these challenges, a three-day virtual national conference was organized, aimed at fostering discussions among professionals, academicians, policy makers, and experts. The conference served as a platform for deliberating on the intricate complexities associated with peri-urban areas and exploring potential solutions.

Conference Objectives: The primary goal of the conference was to facilitate inclusive discussions on the multifaceted issues within peri-urban areas. The conference aimed to:

Address Comprehensive Issues: Bring together various stakeholders to discuss the diverse range of challenges in peri-urban areas, including environmental concerns, architectural shifts, urban planning, socioeconomic aspects, and changes in social behavior.

Highlight Policy Implications: Advocate for policy-level considerations to address peri-urban challenges more effectively and holistically.

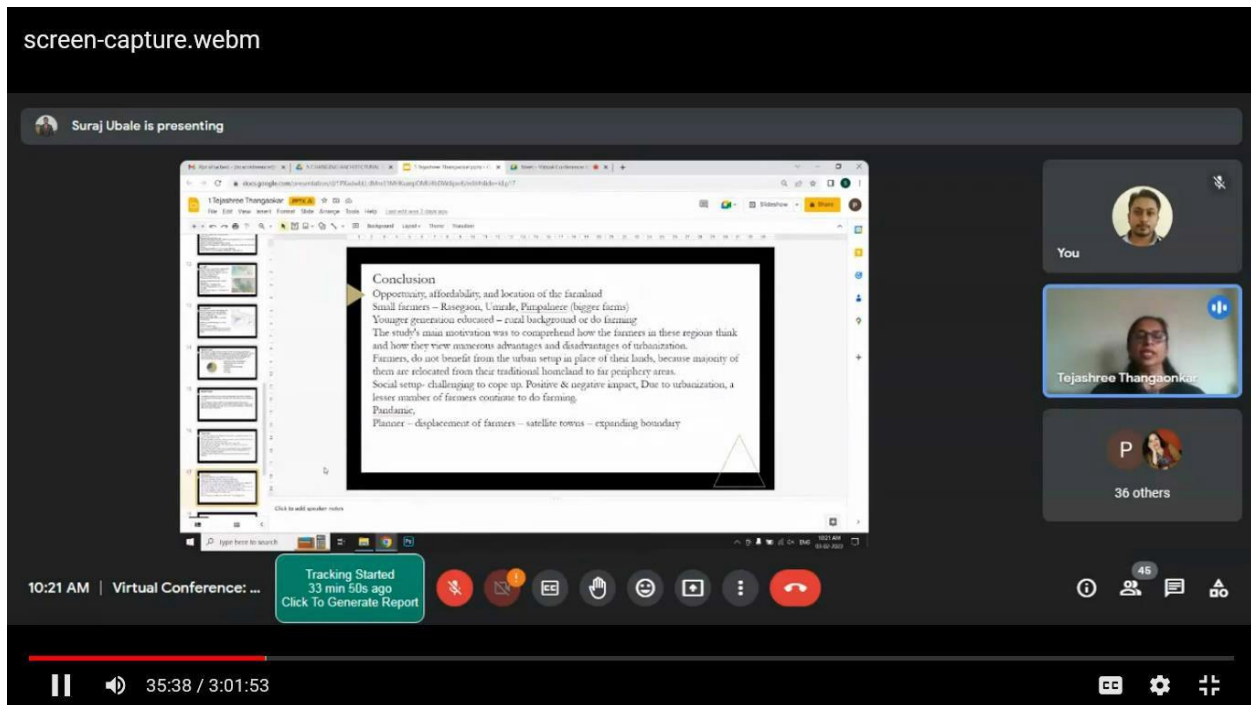

Share Knowledge and Strategies: Enable professionals, academics, and policymakers to share their insights, strategies, and best practices for managing peri-urban landscapes.

Conference Proceedings: The conference witnessed the participation of keynote speakers, session chairs, and experts from diverse fields related to peri-urban issues. These luminaries shared their expertise, insights, and innovative approaches to managing the complex challenges posed by peri-urban areas. The discussions spanned a wide range of topics, offering a comprehensive view of the issues at hand.

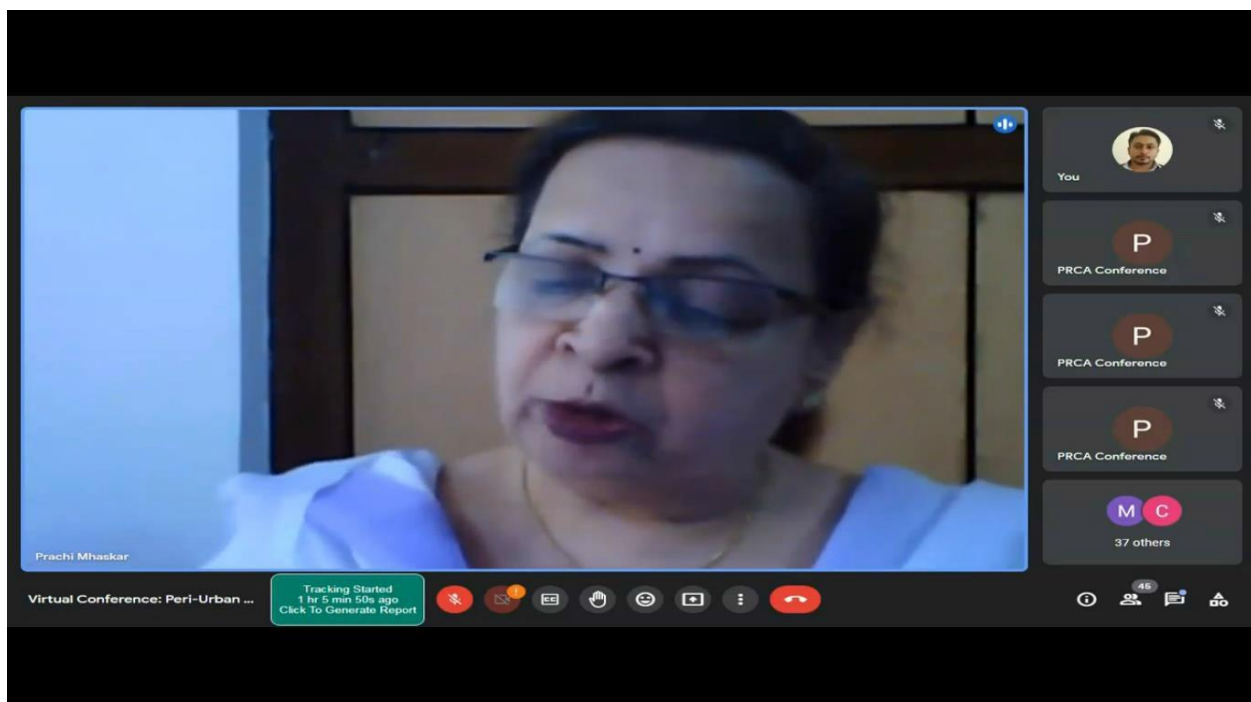

Various committees comprising members of the PRCA staff worked diligently to organize and manage different aspects of the conference, ensuring its success and smooth execution. The conference provided a holistic platform for knowledge exchange, collaborative thinking, and networking among professionals with a shared interest in peri-urban areas.

Outcome and Impact: The conference's outcomes and insights are expected to contribute significantly to future policy formulations and strategies concerning peri-urban areas in India. The proceedings and guidelines generated as a result of the conference, complete with ISBN number 978-81-960313-0-5, will serve as valuable resources for drafting and designing strategies that address the multifaceted challenges within peri-urban landscapes.

In conclusion, the national conference on peri-urban areas marked a pivotal moment for comprehensive discussions on the challenges within these transitional zones. By fostering dialogue and knowledge exchange among experts and stakeholders, the conference aimed to pave the way for more holistic and effective approaches to managing peri-urban areas in the Indian context.

Threats

- New planning and land use policies can threaten the natural and cultural resources.
- Need to have sensitive planning interventions which respect the existing resources.
- Economic growth potentials mapped alongside the natural and cultural potentials to avoid harm.
- Redefining "land uses" – contextualizing the recreational / public open spaces by continuing the existing natural systems.
- Avoiding superimposition land uses based on theoretical principles of neighbourhood. Neighbourhood to be reinterpreted for the peri urban spaces.

COLLABORATION

Preamble:

Pravara Rural College of Architecture, Loni is a reputed and well known college established by Pravara Rural Education Society, Pravaranagar in the year 1996. Since then the college is providing quality education in the field of Architecture. Pravara Rural College of Architecture, Loni is approved by Council of Architecture, New Delhi and has an approved intake of 40 students per year for 5 year Bachelor of Architecture program. Pravara Rural College of Architecture, Loni is affiliated to Savitribai Phule Pune University, Pune.

The memorandum of understanding is being signed between both the institutions as:

- Party-I-

Pravara Rural College Of Architecture, Loni, North Campus, Sadatpur Road, Post: Loni kd, Tal: Rahata, Dist: Ahmednagar

- Party-II-

Inner Wheel club of Shirampur.

- Information of Party-II-

The industry is concerned and committed, to the success of the program and agrees in this context to assist the college in whatever way they can. More specifically, the industry agrees to:

- Jointly performing various extension and social activities, Various design competitions etc. under various schemes initiated by Party - I or Party - II.
- Provide experts for teaching specific subjects / topics to the students.
- Guide in the laboratory, workshop and training under supervision of professionals from the industry.
- Guide in preparation and providing of teaching and learning materials/framing of syllabi for the use of teachers and students by leading the services from the professionals.
- The industry/ organization will arrange the training for the college faculty, students as and when requested to do so.

- The industry/ organization will also arrange on-job training for the students in the manner to promote the knowledge and skill, which they can utilize for the performance of specific jobs.
- The industry/ organization will guide in the evaluation of student's performance in theory, Internships, laboratory, workshop, field work, Case studies, Site visits and on the job training.
- The industry / organization will also sponsor mini research projects to the students and teachers of Pravara Rural College Of Architecture, Loni
- The college will provide skilled and knowledgeable persons to the industry/ organization

The two parties will mutually decide upon the terms and conditions including financial support for the implementation of the above task.

We re-affirm our commitment to the program and our willingness to make a consistent effort to ensure that it is implemented effectively and efficiently.

This MoU / Collaboration will be in force for five years. After completion of five years, it may extend after mutual concern of both the institutions/ industry/ organization

2021-22	National Unity Day Online Quiz -REPORT
Location:	Online
Activity Head:	Ar.Dipeeka Arbatti
No of Participants:	129
Aim:	To conduct online quiz competition on National Unity Day
Objectives:	i. To spread knowledge about National Unity Day. ii. To aware people about national Unity iii. To conduct coolaborative activity with NGO
Duration:	10days
Collaborating Agency:	Inner wheel club of Shrirampur

Summary :

Pravara Rural College of Architecture, in collaboration with the Inner Wheel Club of Shrirampur, organized an event aimed at promoting National Unity Day and raising awareness among people. The event witnessed the participation of 382 individuals from different cities and districts. The activity was led by Ar. Dipeeka Arbatti, who spearheaded the efforts to spread knowledge about the importance of national unity. The primary objective of the event was to educate people about the significance of National Unity Day and the role it plays in fostering a sense of togetherness and harmony among citizens. Through various engaging activities, the participants were sensitized about the importance of unity in diversity and the need to overcome differences and work towards a common goal. The collaborative nature of the event was evident through the partnership with the NGO Inner Wheel Club of Shrirampur, led by President Priya Shha. This collaboration allowed for a broader reach and ensured that the message of national unity reached a wider audience. The event consisted of interactive sessions, workshops, and cultural activities that aimed to highlight the diversity of cultures, traditions, and languages within the nation. Participants had the opportunity to engage in meaningful discussions, share their experiences, and learn from one another. By organizing such an event, Pravara Rural College of Architecture and the Inner Wheel Club of Shrirampur demonstrated their commitment to fostering unity and promoting national integration. The event not only educated the participants about the importance of national unity but also instilled a sense of pride and responsibility towards the nation. Through their collaborative efforts, the college and the NGO successfully created a platform for dialogue, understanding, and appreciation of the diverse fabric of our nation. The event served as a reminder that despite our differences, we are all united by the common thread of being citizens of India. The impact of this event extended beyond its immediate participants. The knowledge, awareness, and understanding gained by the participants will undoubtedly be shared with their respective communities, thus amplifying the message of national unity even further. In conclusion, the collaboration between Pravara Rural College of Architecture and the Inner Wheel Club of Shrirampur to organize an event focused on National Unity Day was a commendable effort. By bringing together participants from various backgrounds, the event successfully spread knowledge, awareness, and a sense of unity among the participants. Such initiatives play a crucial role in strengthening the fabric of our nation and fostering a harmonious society.

NOTICE

Dear 4th Year Students, We are excited to announce a thought-provoking seminar on the Mud Architecture Under Elective subject , featuring the esteemed architect Ar. Prerana Kataria as our guest speaker.

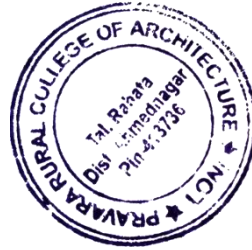

This session promises to be an enlightening exploration of sustainable architectural practices.

Details of the seminar are as follows:

Date: **12-07-2022**

Time: 9.30 am

Venue: Classroom no.1

2022-2023

2022-23	SEMINAR ON MUD ARCHITECTURE
Expert Person:	Ar. Prerana Kataria
Activity Head:	Ar.Charuta Sonparote
Aim:	To understand the importance of Mud Architecture.
Objectives :	<ul style="list-style-type: none">i. To understand how mud is used as construction material.ii. To learn about different types of techniques used in mud architecture.i. To aware students about the mud construction and hoe it is implemented.
Duration:	9.00am – 11.00am
Number of students:	25

Summary:

Guest Lecturer Ar. Prerana delivered an enlightening presentation to a captivated audience of students, delving into the profound significance of mud architecture as an innovative and sustainable construction technique. Through a meticulously prepared slideshow, Ar. Prerana meticulously detailed the diverse applications of mud-based construction, encompassing mud bricks, rammed earth, compressed earth blocks, and other earthen methodologies. The central message of the lecture was the immense potential of leveraging mud and advanced construction techniques to elevate living standards, especially in regions where these natural resources are abundant.

The lecture commenced by tracing the historical trajectory of mud as a foundational building material. Ar. Prerana highlighted the astonishing fact that approximately 58% of buildings in India have been constructed using mud bricks. This rich history underscored the enduring reliability of mud construction, even as it has evolved to accommodate contemporary construction practices. The lecture emphasized the intrinsic advantages of mud-based techniques, notably the remarkably low energy requirements for manufacturing compared to conventional construction materials. Furthermore, Ar. Prerana eloquently illustrated how mud structures, commonly found in arid regions, offer year-round comfort due to their natural cooling properties, a unique feature that modern architecture often struggles to replicate.

Ar. Prerana's presentation continued by elucidating the environmentally conscientious aspects of mud house construction. The lecture demonstrated the accessibility and simplicity of the natural materials involved, which include soil mixed with water, paddy, hay, dried fiber, and even recycled waste. The inherent resilience and rebuildability of mud houses emerged as key advantages, setting them apart from conventional structures. Notably, Ar. Prerana also highlighted the potential of mud architecture to seamlessly blend traditional aesthetics with contemporary design, showcasing how these techniques can offer architectural solutions that honor the past while embracing the present.

The lecture culminated in a dynamic and interactive session, where students were invited to voice their perspectives on mud architecture. This exchange provided a platform for students to engage directly with Ar. Prerana and share their thoughts on whether they perceived mud as a preferable and sustainable option for construction. Students enthusiastically debated the potential challenges and opportunities of incorporating mud-based techniques into their future architectural pursuits, fostering a stimulating dialogue that extended beyond the lecture hall.

In essence, Ar. Prerana's lecture left an indelible impression on the students, providing them with a comprehensive grasp of the potential and advantages of mud architecture. By unveiling the historical importance, modern adaptations, and sustainable merits of mud construction, the lecture inspired students to reflect on the integration of these techniques into their forthcoming architectural endeavors. Ar. Prerana's presentation thus catalyzed a heightened awareness of environmentally conscious and culturally sensitive architectural practices among the students, fostering a new generation of architects poised to create innovative and responsible structures.

1.Perna talking about mud architecture

2.Prerana is talking about types of soil.

3. She is talking about How soil tests are done.

AN EXPERT'S LECTURE AND INTERACTIVE SESSION ON **'HOUSING'**

SUBJECT: DESIGN VI-FOURTH YEAR- 2022-2023

Jyotindra Sir is a practicing architect, graduated from Pune university in 1995. After gathering a working experience with senior architects, he started his own practice in 1997 by the name Tomato Architectural Solutions Pvt.Ltd. Currently he is a partner in T F Cube Design Studio. His projects cover a spectrum of typologies ranging from Residential, Commercial and Public buildings. He has worked with many renowned developers and has designed building in public domain for Pune Municipal Corporation. His forte has been multifamily residential buildings. He has been designing interiors for residences, offices and some unique restaurants in Pune are designed by him. He is associated with the academics as well, and loves to interact with the students. He has been mentoring students of third, fourth and final year as a visiting faculty since 2012. He has been invited by various colleges for design juries and guest lectures.

Duration:	10:00 am
No. Of Students:	28

Summary:

Architect Jyotindre is a seasoned professional in the field of architecture, having graduated from Pune University in 1995. Following a period of learning and gaining practical experience under the guidance of senior architects, he embarked on his architectural journey by establishing Tomato Architectural Solutions Pvt. Ltd. in 1997. Currently, he holds a partnership role in T F Cube Design Studio, a firm that has undertaken diverse projects spanning Residential, Commercial, and public buildings. Jyotindre's portfolio is marked by collaborations with prominent developers and contributions to public structures commissioned by the Pune Municipal Corporation. His expertise predominantly lies in multifamily residential buildings, with his architectural prowess extending to interior designs for residences, offices, and unique dining establishments within Pune.

Parallel to his professional endeavors, Jyotindre maintains an active involvement in academia, displaying a passion for engaging with students. Since 2012, he has taken on the role of a visiting faculty member, mentoring third, fourth, and final-year students. His expertise has also led him to participation in design juries and guest lectures across various educational institutions. In an online session, Architect Jyotindre delved into the intricacies of the design process, covering a comprehensive range of aspects:

Content of Design Process: He explored the various elements that constitute the design process, emphasizing its multifaceted nature.

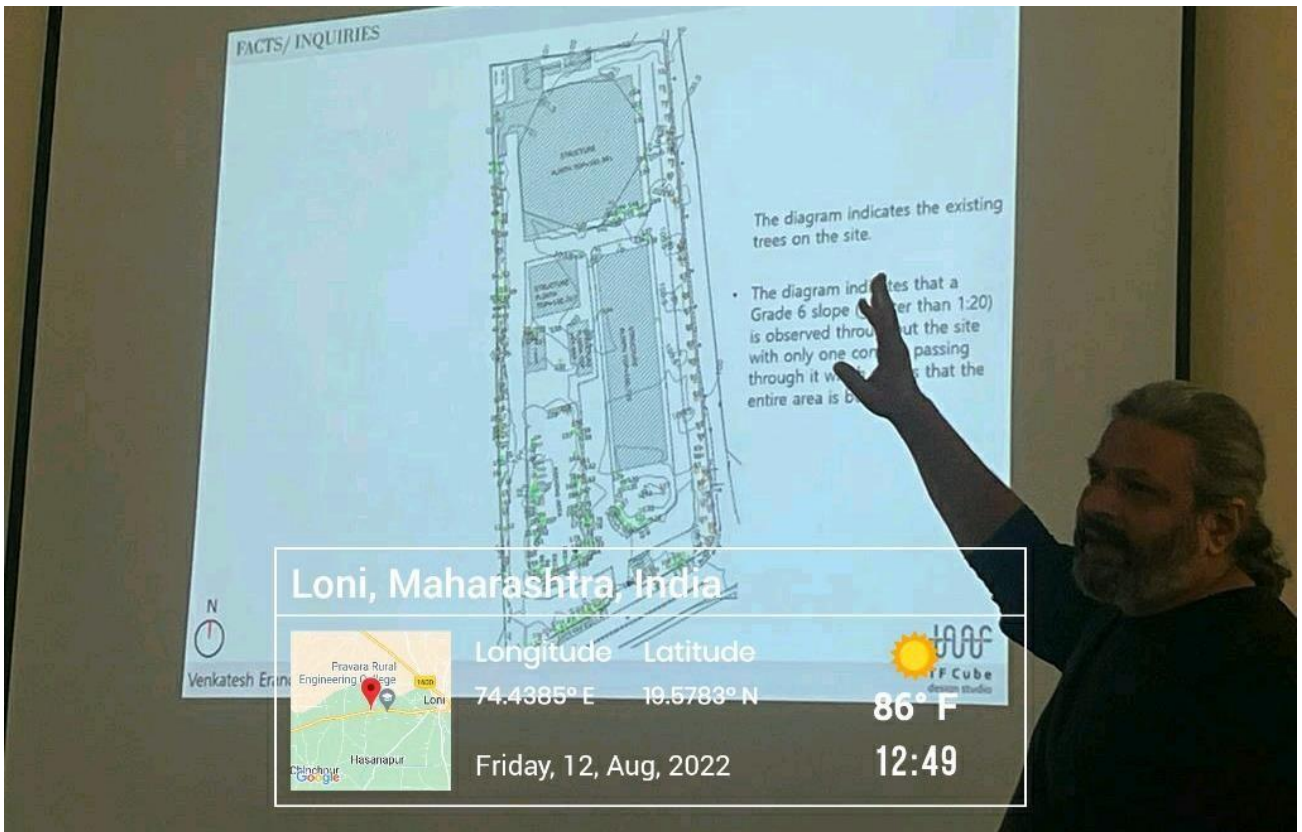

Facts/Enquiries: The session highlighted the importance of gathering relevant facts and conducting inquiries as an initial step in the design process.

Brief: Understanding the design brief was emphasized as a critical aspect in initiating any architectural project.

Concept Design: Jyotindre underscored the significance of developing a clear concept for the design, a foundational step in creating cohesive and impactful architectural solutions.

Design Evolution: The process of evolving the design from the initial concept to a refined version was elaborated upon.

Furthermore, Jyotindre presented a detailed case study of a housing project in Pune, illustrating the application of the discussed concepts in a real-world scenario. The lecture revolved around mass housing planning and concept generation, while also focusing on the importance of respecting site features. The session commenced with a breakdown of the key principles that contribute to successful architectural outcomes, backed by graphical diagrams. Throughout the lecture, Architect Jyotindre provided insights into the meticulous process of achieving flawless designs, specifically tailored for mass housing projects. The session exemplified his deep-rooted understanding of architectural principles and his commitment to sharing knowledge and expertise with the next generation of architects.
