Committee Report

Detail Remarks from Committee:

1. The institute should establish a structured faculty development program that focuses on pedagogy, technology integration, and research advancement.
2. The Architecture Library should have an access to digital resources providing an extensive collection of architectural literature, facilitating research and supporting academic excellence.
3. The college should explore partnerships with other academic institutions or offer exchange programs to broaden students' exposure to different architectural styles and cultural influences.

4. Overall Graduation of the College

Follow-Up Action Taken for Academic Audit Report 2018-2021

This document outlines the action plan developed in response to the remarks highlighted in the audit report.

Summary of Remarks:

The audit report highlighted important areas for improvement such as Faculty development programs, Library digital enhancement, and partnerships.

Faculty development programs:

Encouraged faculty to attend national and state conferences to foster networking and knowledge exchange.

Encouraged faculty to attend workshops led by industry experts to enhance faculty members' knowledge and skills in areas such as sustainable design, emerging technologies, and pedagogical innovations.

Library Digital Enhancement:

Invested in a comprehensive digital library platform, providing access to a wide range of e-books, journals, and research databases for students and faculty.

Collaborations:

Signed MOUs with Alumni of the College for guidance to students. Organized BOS expert's lectures for guidance on subjects with reference to the syllabus framework. Conducted workshops like bamboo workshops for hands-on experience by promoting learning by doing.

Conclusions:

Collaborations empower our students to think beyond traditional boundaries, cultivate innovative ideas, and contribute meaningfully to the architectural field. Alumni contributions are a great source of expert guidance as well as emotional connections for students to foster Architectural ideas.

LETTER OF INVITATION

8 April 2021

To,

Ar. PROF. Keshav B.S,

Principal,

KJ's educational institute,

Trinity College of Architecture,Pune.

Respected sir,

Subject: Invitation to Perform Academic Audit of Pravara Rural College of Architecture, Loni

I hope this letter finds you in good health. I am pleased to extend an invitation to you to be a part of the Audit team to conduct an academic audit of our college.

As we strive to maintain and improve the quality of education and administrative processes, we believe an external evaluation will provide valuable insights and recommendations for further enhancement. We believe your participation will be instrumental in our continuous pursuit of academic excellence.

The proposed time for the audit is 13 May 2021, but we are open to adjusting the schedule to accommodate your availability. Key areas we would like the academic audit to focus on are as follows:

- Faculty qualifications and professional development opportunities.
- Administrative efficiency and effectiveness.
- Infrastructure

Once you confirm your availability and acceptance of this invitation, we will be pleased to provide all necessary documents, access to facilities, and any additional information required to facilitate the audit process.

We eagerly await your positive response and look forward to collaborating with you in our pursuit of academic excellence.

Received

Thank you for considering our invitation.

Sincerely,

Ar. Rajeshwari Jagtap

Committee Report

Detail Remarks from Committee:

1. The college should explore partnerships with other academic institutions or offer exchange programs to broaden students' exposure to different architectural styles and cultural influences.
2. Allocate funds to upgrade design studio equipment and provide access to the latest architectural software, enabling students to stay at the forefront of design and visualization technologies.
3. The institute should promote faculty and students for carrying out extensive research on innovations in Architecture.

Follow-Up Action Taken for Academic Audit Report 2021-22

This document outlines the action plan developed in response to the remarks highlighted in the audit report.

Summary of Remarks:

The audit report highlighted several key areas for improvement such as the digitalization of the library, exposure to industrial experts, and collaborations with other colleges.

Industry Partnerships:

Collaborated with local construction companies to provide site visits and hands-on learning opportunities.

Organized joint workshops and seminars with industry experts to bridge the gap between academia and practice.

Digital Library: Organised a DelNET training program for faculty to encourage them to motivate students to use digital mediums for learning.

Collaborated with the Council of Architecture and faculty of various institutes in the fraternity to organize a national-level conference.

Conclusion:

Our effort of continuous improvement, in line with our mission and vision can be achieved by the actions taken on the remarks and suggestions in the academic audit report.

LETTER OF INVITATION

11 April 2022

To,

Ar.Santosh Gaikwad

Ahmednagar

Respected sir,

Subject: Invitation to Perform Academic Audit of Pravara Rural College of Architecture, Loni

I hope this letter finds you in good health. I am pleased to invite you to be a part of the Audit team to conduct an academic audit of our college.

As we strive to maintain and improve the quality of education and administrative processes, we believe an external evaluation will provide valuable insights and recommendations for further enhancement. We believe your participation will be instrumental in our continuous pursuit of academic excellence.

The proposed time for the audit is 11 May 2022., but we are open to adjusting the schedule to accommodate your availability. Key areas we would like the academic audit to focus on are as follows:

- Faculty qualifications and professional development opportunities.
- Administrative efficiency and effectiveness.
- Infrastructure

Once you confirm your availability and acceptance of this invitation, we will be pleased to provide all necessary documents, access to facilities, and any additional information required to facilitate the audit process.

We eagerly await your positive response and look forward to collaborating with you in our pursuit of academic excellence.

Thank you for considering our invitation.

Sincerely,

Ar. Tejashree Thangaokar

Committee Report

Detail Remarks from Committee:

1. The Architecture Library and access to digital resources provide an extensive collection of architectural literature, facilitating research and supporting academic excellence.
2. The college's emphasis on hands-on learning is commendable, as evidenced by well-equipped design studios and workshops that allow students to gain practical experience in various architectural techniques
3. The institute should collaborate with other architecture colleges or universities to offer exchange programs, providing students with opportunities to study and experience architectural practices in different regions.
4. Institute should encourage establishment of an Industry Advisory Board comprising practicing architects and industry leaders to provide valuable insights, guidance, and networking opportunities for students and faculty.

5. Overall Gradation of the College

Follow-Up Action Taken for Academic Audit Report 2022-23

This document outlines the action plan developed in response to the remarks highlighted in the audit report.

Summary of Remarks:

The audit report highlighted key areas for improvement, including collaborations, software upgradation, and research initiatives.

Collaborations:

Signed MOUs with renowned Architects in the field for Expert guidance, internships, and site visits.

Software upgradation: Included MSP software in teaching the subject of project management. Introduction to various software in Project management.

Research: Students are encouraged to study diverse topics of research, Use DelNET software for accessing research publications, and encouraged to publish papers in renowned and recognized Architecture Journals.

Hosted a national-level conference in collaboration with the Council of Architecture to expose students to the environment of research writing.

Conclusion:

The actions taken on collaborations, software upgradation, and research initiatives underline our commitment to providing a comprehensive learning environment. These efforts align with our vision of fostering well-rounded architects equipped with the skills and knowledge to excel in the ever-evolving field of architecture.

LETTER OF INVITATION

3 April 2023

To,

_ Ar. Arshad Shaikh

Ahmednagar

Respected sir,

Subject: Invitation to Perform Academic Audit of Pravara Rural College of Architecture, Loni

I hope this letter finds you in good health. I am pleased to invite you to be a part of the Audit team to conduct an academic audit of our college.

As we strive to maintain and improve the quality of education and administrative processes, we believe an external evaluation will provide valuable insights and recommendations for further enhancement. We believe your participation will be instrumental in our continuous pursuit of academic excellence.

The proposed time for the audit is 8 May 2023., but we are open to adjusting the schedule to accommodate your availability. Key areas we would like the academic audit to focus on are as follows:

- Faculty qualifications and professional development opportunities.
- Administrative efficiency and effectiveness.
- Infrastructure

Once you confirm your availability and acceptance of this invitation, we will be pleased to provide all necessary documents, access to facilities, and any additional information required to facilitate the audit process.

We eagerly await your positive response and look forward to collaborating with you in our pursuit of academic excellence.

Thank you for considering our invitation.

Subject: Letter of Thanks for Performing Academic Audit

Respected sir,

On behalf of Pravara Rural College of Architecture, Loni, I extend my sincerest gratitude and appreciation to you for conducting the academic audit of our institution.

Your commitment to the audit process and your extensive expertise have proven to be invaluable assets to our college. The comprehensive evaluation and constructive feedback provided by you have been instrumental in identifying our strengths and areas for improvement, leading us on a path of continuous enhancement.

We are grateful for your recommendations outlined in the audit report.

We also appreciate the professionalism and dedication displayed by you and the entire team throughout the audit process.

Once again, we express our heartfelt thanks to you for your outstanding contributions to our institution. We value the collaborative effort in this endeavour and are grateful for the positive impact your audit has made on our college.

AN EXPERT'S LECTURE AND INTERACTIVE SESSION ON **'HOUSING'**

SUBJECT: DESIGN VI-FOURTH YEAR- 2022-2023

Jyotindra Sir is a practicing architect, graduated from Pune university in 1995. After gathering a working experience with senior architects, he started his own practice in 1997 by the name Tomato Architectural Solutions Pvt.Ltd. Currently he is a partner in T F Cube Design Studio.

His projects cover a spectrum of typologies ranging from Residential, Commercial and Public buildings. He has worked with many renowned developers and has designed building in public domain for Pune Municipal Corporation. His forte has been multifamily residential buildings. He has been designing interiors for residences, offices and some unique restaurants in Pune are designed by him.

He is associated with the academics as well, and loves to interact with the students. He has been mentoring students at third, fourth and final year as a visiting faculty since 2012. He has been invited by various colleges for design juries and guest lectures.

Location:	Pravara rural college of Architecture, Loni
Aim:	Practical exposure to all students for planning and design of housing project.
Objectives:	<ol style="list-style-type: none">Understand concept development processTo Study and analyze planning process for housingUnderstand existing site features and to respect themLearn various housing design aspects.
Duration:	10:00 am
No. Of Students:	28

Summary:

Architect Jyotindre is a seasoned professional in the field of architecture, having graduated from Pune University in 1995. Following a period of learning and gaining practical experience under the guidance of senior architects, he embarked on his architectural journey by establishing Tomato Architectural Solutions Pvt. Ltd. in 1997. Currently, he holds a partnership role in T F Cube Design Studio, a firm that has undertaken diverse projects spanning Residential, Commercial, and public buildings. Jyotindre's portfolio is marked by collaborations with prominent developers and contributions to public structures commissioned by the Pune Municipal Corporation. His expertise predominantly lies in multifamily residential buildings, with his architectural prowess extending to interior designs for residences, offices, and unique dining establishments within Pune.

Parallel to his professional endeavors, Jyotindre maintains an active involvement in academia, displaying a passion for engaging with students. Since 2012, he has taken on the role of a visiting faculty member, mentoring third, fourth, and final-year students. His expertise has also led him to participation in design juries and guest lectures across various educational institutions. In an online session, Architect Jyotindre delved into the intricacies of the design process, covering a comprehensive range of aspects:

Content of Design Process: He explored the various elements that constitute the design process, emphasizing its multifaceted nature.

Facts/Enquiries: The session highlighted the importance of gathering relevant facts and conducting inquiries as an initial step in the design process.

Brief: Understanding the design brief was emphasized as a critical aspect in initiating any architectural project.

Concept Design: Jyotindre underscored the significance of developing a clear concept for the design, a foundational step in creating cohesive and impactful architectural solutions.

Design Evolution: The process of evolving the design from the initial concept to a refined version was elaborated upon.

Furthermore, Jyotindre presented a detailed case study of a housing project in Pune, illustrating the application of the discussed concepts in a real-world scenario. The lecture revolved around mass housing planning and concept generation, while also focusing on the importance of respecting site features. The session commenced with a breakdown of the key principles that contribute to successful architectural outcomes, backed by graphical diagrams.

Throughout the lecture, Architect Jyotindre provided insights into the meticulous process of achieving flawless designs, specifically tailored for mass housing projects. The session exemplified his deep-rooted understanding of architectural principles and his commitment to sharing knowledge and expertise with the next generation of architects.

***PREAMBLE:**

Peri-urban areas are zones of transition from rural to urban land uses located between the outer limits of urban and regional centers and the rural environment. The boundaries of peri-urban areas are porous and transitory as urban development extends into rural and industrial land. Different issues such as Environment and Ecology, Changing Architectural Character, Urban and Rural Planning Issues, Social and Economical Aspects and change in social behavior are rarely addressed inclusively. Comprehensive approach towards managing these issues is very important and required to be considered at policy level too with priority. The conference aims at providing an apt platform for the concerned professionals, academicians, policy makers to deliberate on the same. The proceedings and outcome of the conference in the form of a set of guidelines will be useful while drafting and designing the strategies for Peri Urban areas in the Indian context.

No. Of Participants:	50		

Summary

Peri-urban areas, the transitional zones situated between urban and rural environments, have emerged as crucial landscapes due to the ongoing expansion of urban development. These zones are marked by porous and transitory boundaries as cities extend into rural and industrial territories. However, the multifaceted challenges posed by peri-urban areas, including environmental concerns, architectural changes, urban-rural planning issues, socioeconomic dynamics, and shifts in social behavior, have often been addressed in isolation. A comprehensive approach to managing these challenges is essential, and policy-level consideration is imperative.

In response to these challenges, a three-day virtual national conference was organized, aimed at fostering discussions among professionals, academicians, policy makers, and experts. The conference served as a platform for deliberating on the intricate complexities associated with peri-urban areas and exploring potential solutions.

Conference Objectives: The primary goal of the conference was to facilitate inclusive discussions on the multifaceted issues within peri-urban areas. The conference aimed to:

Address Comprehensive Issues: Bring together various stakeholders to discuss the diverse range of challenges in peri-urban areas, including environmental concerns, architectural shifts, urban planning, socioeconomic aspects, and changes in social behavior.

Highlight Policy Implications: Advocate for policy-level considerations to address peri-urban challenges more effectively and holistically.

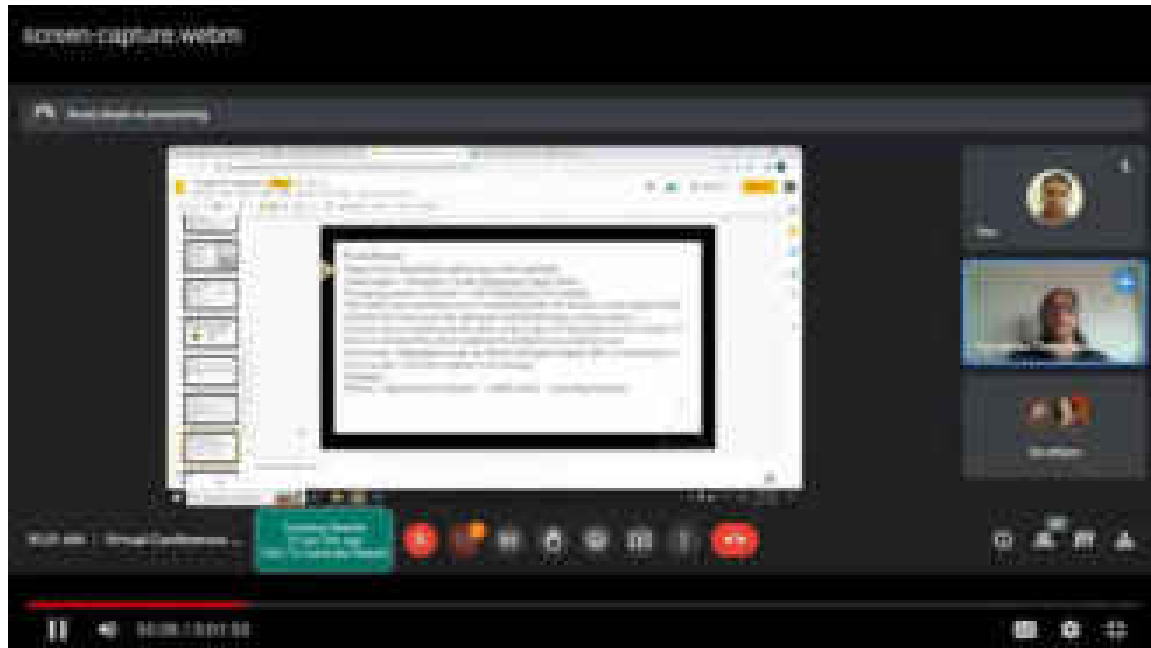

Share Knowledge and Strategies: Enable professionals, academics, and policymakers to share their insights, strategies, and best practices for managing peri-urban landscapes.

Conference Proceedings: The conference witnessed the participation of keynote speakers, session chairs, and experts from diverse fields related to peri-urban issues. These luminaries shared their expertise, insights, and innovative approaches to managing the complex challenges posed by peri-urban areas. The discussions spanned a wide range of topics, offering a comprehensive view of the issues at hand.

Various committees comprising members of the PRCA staff worked diligently to organize and manage different aspects of the conference, ensuring its success and smooth execution. The conference provided a holistic platform for knowledge exchange, collaborative thinking, and networking among professionals with a shared interest in peri-urban areas.

Outcome and Impact: The conference's outcomes and insights are expected to contribute significantly to future policy formulations and strategies concerning peri-urban areas in India. The proceedings and guidelines generated as a result of the conference, complete with ISBN number 978-81-960313-0-5, will serve as valuable resources for drafting and designing strategies that address the multifaceted challenges within peri-urban landscapes.

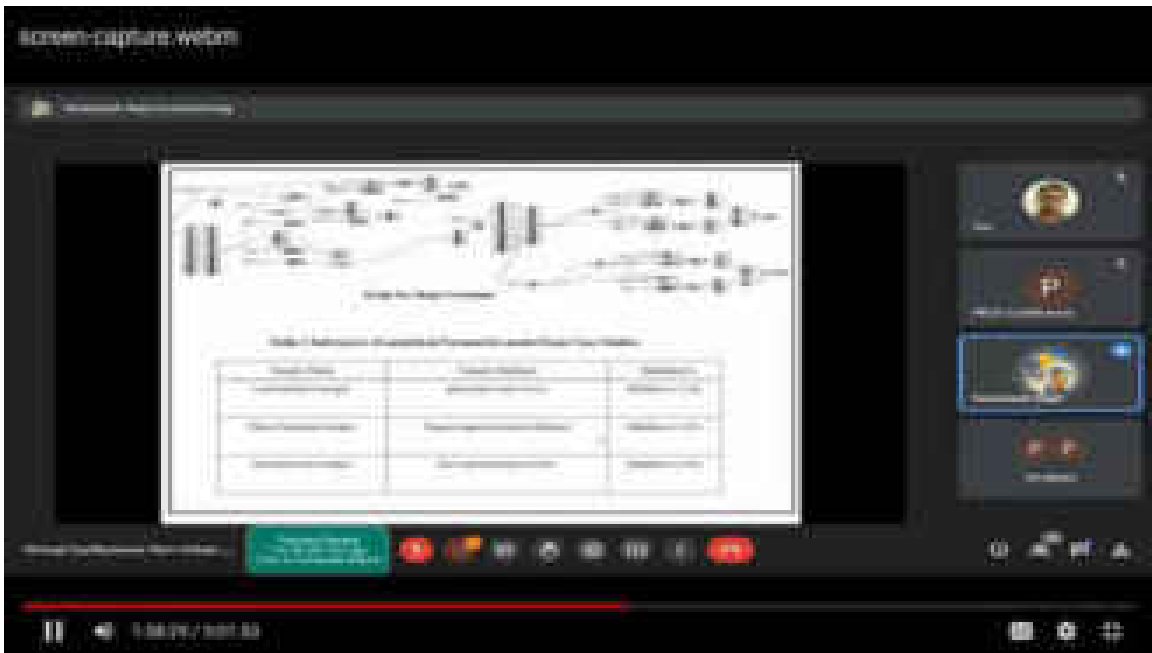

In conclusion, the national conference on peri-urban areas marked a pivotal moment for comprehensive discussions on the challenges within these transitional zones. By fostering dialogue and knowledge exchange among experts and stakeholders, the conference aimed to pave the way for more holistic and effective approaches to managing peri-urban areas in the Indian context.

Activity Head:	Ar. Suraj Ubale Ar. Tushar Parise
Aim:	To explore the concepts of sustainable planning and affordable housing, shedding light on their significance in the contemporary urban context.
Objectives :	<ul style="list-style-type: none">•To provide an in-depth understanding of sustainable planning principles and their integration into housing design.•To examine the challenges and opportunities associated with affordable housing initiatives.•To showcase successful case studies that highlight innovative approaches to sustainable and affordable housing.•To foster a collaborative platform for architects, urban planners, and professionals to exchange ideas and experiences.•To inspire participants to incorporate sustainable and affordable housing practices in their future projects
Duration:	10.00am – 2.00pm
Number of students:	59

SUMMARY:

The seminar showcased the expertise of two eminent architects, Ar. Vijay Pandey and Ar. Sameer Shinde, who provided valuable insights into the realms of sustainable planning and affordable housing. In a dynamic session held between 10 AM to 2 PM, both architects utilized engaging PowerPoint presentations to convey their wealth of knowledge and experience.

Ar. Vijay Pandey elucidated the integration of sustainable practices, energy efficiency, and eco-friendly materials within housing design. He drew upon his own projects to demonstrate the practical application of sustainable planning principles, showcasing how these measures contribute to both environmental preservation and improved quality of life.

Complementing this, Ar. Sameer Shinde embarked on a comprehensive exploration of affordability challenges in housing projects. Through innovative design approaches and cost-effective construction methods, he tackled the complexities of creating affordable housing solutions. He also shed light on various government schemes aimed at promoting low-cost housing, enriching participants with actionable strategies.

The seminar, expertly led by Ar. Suraj Ubale and Ar. Tushar Parise, fostered a holistic and engaging learning experience. Attendees gained a heightened understanding of sustainable planning concepts and their direct application in housing projects. They acquired insights into the obstacles surrounding affordable housing and discovered potential strategies to surmount these challenges.

Incorporating real-world case studies, the seminar exemplified successful models of sustainable and affordable housing, providing participants with tangible examples to draw inspiration from. Moreover, the event served as a fertile ground for knowledge exchange and networking, connecting professionals in the architecture and urban planning fields, further enriching the learning experience.

As the session concluded, participants departed with newfound inspiration. Empowered by the knowledge shared by Ar. Vijay Pandey and Ar. Sameer Shinde, they were motivated to integrate sustainable and affordable elements into their future projects. This collective effort, in turn, would contribute to the development of more livable, inclusive, and resilient communities.

2022-23	MADHUBANI PAINTING WORKSHOP – REPORT
Expert Person :	Mrs. Jayashree Ghodke
Faculty In charge:	Ar.Dipeeka Arbatti
Aim:	To introduce participants to the traditional art form of Madhubani painting, which originated in the Mithila region of India.
Objectives:	Introduction to Madhubani Art Learning Techniques and Styles Enhancing Artistic Skills Creative Expression Inspiring Interest in Traditional Art
Duration:	1 Day
No. Of Participants :	38

Summary: A Madhubani painting workshop was conducted by the expert artist, Mrs. Jayashree Ghodke, at Pravara Rural College of Architecture Loni on the occasion of Induction of F.Y.B.Arch student on 9th December 2022. The workshop aimed to introduce participants to the traditional art form of Madhubani painting, which originated in the Mithila region of India. During the workshop, Mrs. Jayashree Ghodke shared her vast knowledge and expertise in Madhubani painting techniques. Participants learned about the history, styles, and motifs associated with this ancient art form. Mrs. Ghodke guided the attendees through the step-by-step process of creating intricate and colorful Madhubani paintings.

Objectives of the workshop were:

Introduction to Madhubani Art: The primary objective of the workshop is to introduce participants to the traditional art form of Madhubani painting, its history, origins, and significance in the Mithila region of India.

Preservation of Cultural Heritage: By familiarizing participants with Madhubani art, the workshop aims to promote the preservation and appreciation of this unique cultural heritage and traditional art form.

Learning Techniques and Styles: The workshop seeks to provide a hands-on learning experience, enabling participants to learn various Madhubani painting techniques, styles, and motifs under the guidance of an expert artist.

Enhancing Artistic Skills: Through practical sessions and demonstrations, the workshop aims to enhance participants' artistic skills and brushwork, allowing them to create intricate and vibrant Madhubani paintings.

Creative Expression: The workshop encourages participants to express their creativity and individuality through the art form, enabling them to explore and experiment with colors, patterns, and designs.

Cultural Awareness and Appreciation: By engaging with the cultural aspects of Madhubani painting, the workshop promotes cultural awareness and appreciation among participants, fostering a deeper connection with traditional Indian art.

Inspiring Interest in Traditional Art: One of the key objectives is to inspire interest in traditional art forms and encourage participants to explore and delve into the rich artistic heritage of India.

Encouraging Artistic Exploration: The workshop aims to create a supportive and nurturing environment for participants to explore their artistic interests and develop a passion for Madhubani painting.

Mrs. Jayashree Ghodke examining Basic motifs drawn by Participants

Promoting Cross-Cultural Learning: The workshop may attract participants from diverse backgrounds, facilitating cross-cultural learning and exchange of ideas related to art and creativity.

Promoting Social Interaction: By bringing together individuals with a shared interest in art, the workshop fosters social interaction, collaboration, and a sense of community among participants.

Overall, The objectives of the Madhubani painting workshop are centered on promoting cultural heritage, artistic skill development, and creative expression, while encouraging participants to appreciate and engage with the beauty and significance of this traditional art form

Sanket Kanwade, the student coordinator, played a vital role in organizing the workshop, ensuring smooth coordination, and encouraging active participation among the attendees. Under his guidance, the workshop provided a platform for students and art enthusiasts to explore their creativity and learn from a seasoned artist. The workshop not only imparted artistic skills but also allowed participants to immerse themselves in the rich cultural heritage of Madhubani painting. It fostered a sense of appreciation for traditional art forms and encouraged the preservation of cultural artistry. Overall, the Madhubani painting workshop led by Mrs. Jayashree Ghodke and coordinated by Ar. Dipeeka Arbatti proved to be a valuable and enriching experience, offering participants the opportunity to delve into the world of this unique art style and carry forward the legacy of Madhubani painting. Outcome of the workshop was A4 size canvas painting. In the valedictory function vote of thanks was given by Charura Sonparote.

2020-21	WALL PAINTING WORKSHOP – REPORT
Expert Person:	Mrs. Rajendra Ghodke
Faculty In charge:	Ar.Tejasweeni Gholap
Aim:	The primary aim of the Wall Painting Workshop was to introduce students to the art of wall painting and provide them with hands-on experience in creating large-scale murals.
Objectives :	<ol style="list-style-type: none">Introduction to Wall PaintingHands-on ExperienceCreative ExpressionTeamwork and Collaboration:
Duration:	1 Day
No. of students :	35

Summary:

A Wall Painting Workshop was conducted at PRCA Loni on 8th January 2022, led by the talented artist Rajendra Ghodke. The workshop was organized under the guidance of Faculty Incharge, Ar. Ashwini Gholap, and Principal Rajeshwari Jagtap also graced the event with her presence. The workshop saw the enthusiastic participation of 30 students who were divided into groups to paint three walls with three different themes.

The primary aim of the Wall Painting Workshop was to introduce students to the art of wall painting and provide them with hands-on experience in creating large-scale murals. The workshop aimed to encourage creativity and artistic expression while beautifying the campus.

Introduction to Wall Painting: The workshop aimed to provide an introduction to the techniques and methods used in wall painting. Participants learned about the different types of paint, brushes, and tools required for wall painting.

Hands-on Experience: The workshop provided participants with a unique opportunity to work on large walls and create impactful murals. Students learned how to plan and execute their artistic ideas on a larger canvas.

Creative Expression: The workshop encouraged participants to express their creativity through their chosen themes for the murals. They had the freedom to experiment with colors, forms, and designs, adding their personal touch to the artwork.

Teamwork and Collaboration: Working in groups to paint the walls encouraged students to collaborate, communicate effectively, and collectively bring their vision to life.

The outcome of the Wall Painting Workshop was the transformation of three walls on the campus into vibrant and eye-catching murals. Each mural depicted a different theme, adding a touch of artistic beauty to the surroundings. The students' dedication and artistic skills were evident in the final murals, which showcased their creativity and ability to work as a team. The workshop not only provided an opportunity for self-expression but also contributed to the aesthetic enhancement of the campus.

The Wall Painting Workshop proved to be a successful and inspiring event. Rajendra Ghodke's expertise in wall painting provided valuable guidance to the students, and Ar. Ashwini Gholap's support added to the overall learning experience. The event highlighted PRCA Loni's commitment to nurturing artistic talent and fostering a creative and vibrant environment for its students. The painted walls served as a testament to the students' artistic abilities and showcased the institution's dedication to promoting art and creativity among its students.

2021-22	Webinar on Urban Design Legislation
Resource Person:	Ar. Sameer Shinde
Coordinator	Ar. Tejashree Thangaokar, Ar. Suraj Ubale
No. of Students:	27+PRCA Staff
Aim:	To Introduce Urban Design Legislation
Objectives:	i. To know the basics of urban planning and design ii. To introduce the legislation related to the urban development
Duration: Summary:	2:30 Hrs. (09.30am – 12.00pm)

The webinar on "Urban Design Legislation," led by Ar. Sameer Shinde, provided a comprehensive overview of the intricate legal and planning frameworks that govern urban development in India. The session began with an exploration of the Constitution's significance in the context of Urban Studies, emphasizing the importance of ensuring that the rights of all citizens are upheld during the design and development process.

The historical evolution of urban development in India from 1947 to 1992 was discussed in depth, citing examples such as industrial cities like Jamshedpur and pilgrimage cities like Varanasi. Ar. Shinde highlighted the emergence of institutional buildings from 1951 to 1956, which contributed to shaping urban landscapes.

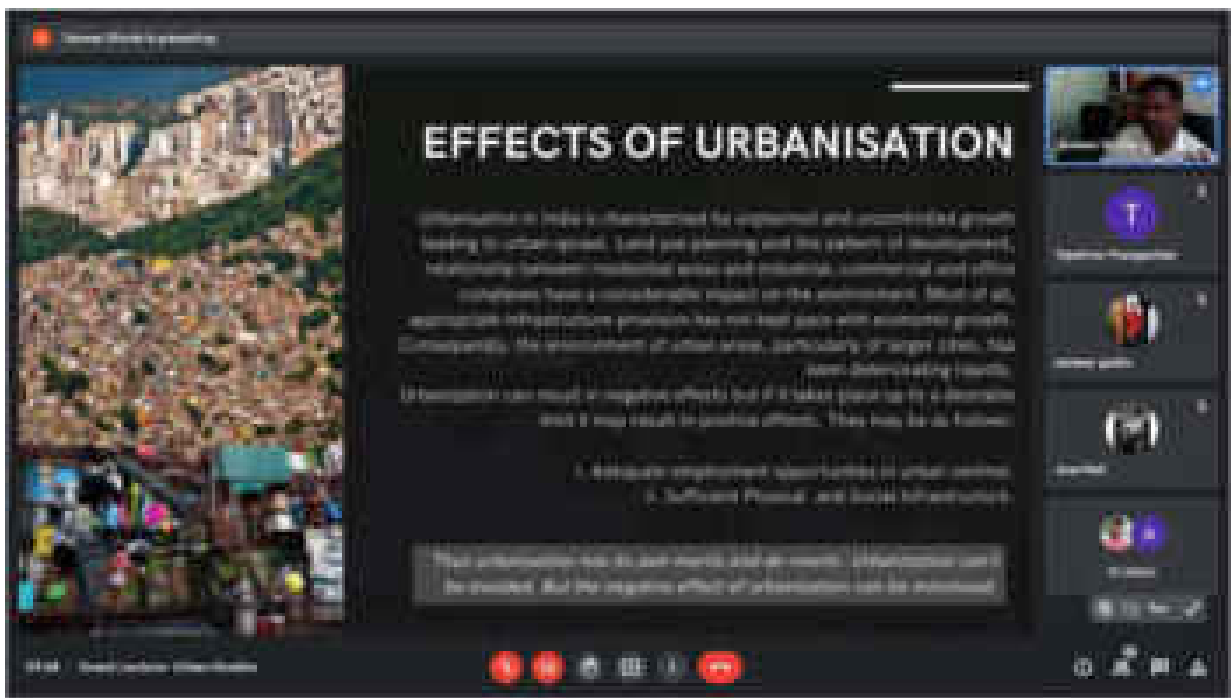

The presenter emphasized that nearly half of Maharashtra's population resides in urban areas and discussed the policies enacted to cater to this urban demographic. Policies were designed for towns, talukas, and municipal bodies, leading to a significant migration from rural to urban areas. The concept of urban planning, urbanization, and the planning process for cities were elucidated.

Legislations and amendments relevant to urban planning, such as the Maharashtra Regional Town Planning Act of 1966 and the Jawaharlal Nehru National Urban Renewal Mission (JNNURM) of 2005, were explained. These policies empowered local bodies in towns like Badlapur, Phaltan, and Pune, contributing to their development. The session also delved into the importance of the Rent Control Act in relation to urban planning, addressing the needs of the floating population. Various housing development schemes, state programs under the Maharashtra Regional Town Planning Act, and urban development projects were discussed, including those in Mumbai's periphery.

Ar. Shinde further highlighted the National Smart Cities Mission's goals and the government's initiatives for slum rehabilitation and affordable housing. The role of the Slum Rehabilitation Authority (SRA) in identifying and empowering marginalized populations was explained. The presenter touched on housing finance schemes like PMAY and their impact on inclusive housing.

Informal slum development, encroachments, and the challenges faced by the economically disadvantaged were discussed. The roles of MHADA (Maharashtra Housing and Area Development Authority) and inclusive housing strategies were elaborated upon.

The requirement for greenfield plots to allocate 20% of the space for inclusive housing or affordable housing was highlighted. The concept of In-situ Slum Redevelopment (ISSR) was introduced as a strategy to address informal settlements. The session concluded with an interactive question and answer segment, where Ar. Shinde addressed participants' queries. The students and faculty expressed appreciation for the detailed insights shared by Ar. Shinde, highlighting the depth of information covered during the session. Ar. Tejashree Thangaokar extended a vote of thanks, concluding the informative and enlightening webinar on Urban Design Legislation.

14th March 2022

To,

The Principal,

PRCA, Loni.

Respected madam,

I would like to call Ar. Trimbak Gadgil, senior architect and professor to our college for an expert lecture on dairy design on Wednesday 16th March for third year, Architectural design subject. Ar. Gadgil is an accomplished Architect and has designed several dairy projects. His expertise and guidance will help our students in their own dairy project design. Please grant me permission to invite Ar. Gadgil.

Regards,

Ar. Meghana Joshi.

Respected sir,

Mr. Ar. Professor Meghana Joshi, design faculty, T.Y B arch, Pravara College of Architecture would like to invite you for a guest lecture and jury session on Wednesday March 16 th 2022. Our session will start at 9 o'clock in the morning and our college timing is till 3 in the evening. We will make arrangements for your accommodation at our institute guest house. Our faculty, Professor Pradip Deshmukh will receive you on 16 th March.His mobile number is 975157376.Looking forward to your presence at our College for expert guidance.Thanking you

Regards

Ar Meghana Joshi

2021-22	SEMINAR ON DAIRY PLANNING
Resource/Expert Person:	Ar. Trimbak Gadgil Sangli, Maharashtra, India
Activity Head:	Ar. Meghana Joshi, Ar. Pradip Deshmukh, Ar. Suraj Ubale
Activity Team:	Ar. Meghana Joshi, Ar. Pradip Deshmukh, Ar. Suraj Ubale + Third year Students
Aim:	To introduce dairy planning to the students
Objectives:	i. To know the basic fundamentals of dairy planning ii. To introduce the various processes and services related to the milk processing unit.
Duration:	4:00 Hrs. (09.00am – 02.00pm)
Number of students:	33+PRCA Staff

Summary:

The Seminar on Dairy Planning, led by the distinguished architect Ar. Trimbak D. Gadgil, offered a comprehensive exploration of dairy facility design. Hailing from Sangli, Maharashtra, Ar. Gadgil's illustrious career began with his graduation from M S University of Baroda in 1973, where he secured accolades including two Gold Medals. His association with renowned architect Charles Correa saw him contribute to esteemed projects like Kanchanjunga Apartments in Mumbai, Goa Kala Academy, and Bharat Bhavan in Bhopal, earning recognition from Ar. Correa himself. With a professional journey spanning over 45 years and an academic tenure of 35 years, Ar. Gadgil brings a wealth of expertise to the table.

On the 16th of March 2022, a Wednesday, Ar. Gadgil graced the college with his expert lecture. Commencing with his background, he proceeded to present his noteworthy works through an illuminating PowerPoint presentation. The lecture delved into various facets of dairy planning, elucidating vital aspects like the requisites of dairy facilities, essential equipment and machinery, and the movement of labor and materials through activity flow charts. Ar. Gadgil also provided insights into specific considerations related to temperature control, ambient environment, and differing requirements based on the volume of milk processed.

The presentation extended to worker requirements, amenities, and specialized utilities such as boilers, chillers, water treatment plants, and more. Key components like electric substations and IBT (ice bank tank) were also discussed. Ar. Gadgil went on to explain the intricate workings of a Raw Milk Reception Dock (RMRD), shedding light on the technicalities involved. Furthermore, Ar. Gadgil offered a plethora of general instructions, advice, and recommendations on architectural design aspects including planning, elevation, and contour negotiation. After the presentation, a question and answer session followed, where Ar. Gadgil addressed queries and doubts, enriching the participants' understanding.

The session continued with an intimate interaction between Ar. Gadgil and individual students. During this segment, students received personalized inputs on their designs, with Ar. Gadgil offering guidance on progressing from their current stage to the final scheme. Technical insights related to equipment and design criteria were shared, providing practical solutions for the students' design challenges.

In essence, the Seminar on Dairy Planning conducted by Ar. Trimbak D. Gadgil was a blend of architectural expertise and practical wisdom. Through his illustrious career and commitment to academia, Ar. Gadgil imparted invaluable insights into the nuanced world of dairy facility design, leaving a lasting impact on the students and attendees.

2018-19	ORIENTATION PROGRAM REPORT –Zero to Hero Presentation
Expert Person:	AR. Prashant Deshmukh Principal Architect PDA Pune, Maharashtra, India
Aim:	To introduce fresh students about study in architecture and motivate them for the field they had chosen also to inform them about scope in profession of architecture
Objectives :	<ul style="list-style-type: none"> i. To introduce students about contribution of architects in history of mankind ii. To introduce students about the institution and its vision and mission iii. To introduce students about way of study is architecture iv. To introduce students about future opportunities in profession of architecture through presentations. v. To motivate students for positive thinking to achieve great goal in architecture through experts talk. vi. Aiming at further improvement of advanced learners as well as slow learners
Duration:	6:00 hours, 1 day
Number of students	101

Summary:

The "ORIENTATION PROGRAM - Zero to Hero" conducted by Architect Prashant Deshmukh was a comprehensive initiative designed to welcome and empower fresh students in the field of architecture. This program aimed to provide a solid foundation for students' academic journey, inspire them to excel in their chosen field, and equip them with valuable insights into the world of architecture.

The orientation program had several key objectives:

Introduction to Architecture: The program sought to familiarize new students with the intricacies of studying architecture, outlining the challenges and rewards of the profession they had embarked upon.

Motivation and Inspiration: One of the main goals was to ignite motivation among the students, encouraging them to embrace their chosen path and recognize the immense potential it holds.

Scope of Architecture: Students were informed about the wide-ranging scope of the architectural profession, showcasing the diverse opportunities available within the field.

Historical Significance of Architecture: The program aimed to educate students about the historical significance of architecture and the lasting impact architects have had on the development of human civilization.

Institution's Vision and Mission: Students were introduced to the institution's core values, vision, and mission, providing them with a sense of belonging and purpose within the academic community.

Study Methods: The orientation covered the approach to studying architecture, emphasizing the practical aspects and methodologies involved.

Future Opportunities: Presentations shed light on the myriad future opportunities within the architectural profession, ensuring that students were well-informed about their potential career paths.

Positive Thinking: The program aimed to instill positive thinking and a growth mindset in students, enabling them to aspire to greatness within the field of architecture.

Institutional Rules and Regulations: Architect Rajeshwari Jagtap explained the rules and regulations of the institute, ensuring students were well-acquainted with the academic and behavioral expectations.

Introduction to Pravara Family: Honorable Shalinitai Vikhe introduced students to the larger Pravara Education Society and its historical significance, fostering a sense of heritage and community. Architect Prashant Deshmukh played a pivotal role in the orientation, guiding students about their architectural journey, potential career paths, and presenting the motivational session titled "Zero to Hero." This session aimed to inspire students to strive for success and greatness in their architectural endeavors.

Outcomes:

Informed Students: Attendees gained a comprehensive understanding of what studying architecture entails and the potential career opportunities that lie ahead.

Inspired Mindset: The program successfully motivated students to adopt a positive mindset and aspire to achieve greatness within the field of architecture.

Vision and Mission Alignment: Students were aligned with the institution's values and mission, fostering a sense of purpose and belonging.

Historical Awareness: Participants developed an appreciation for the historical significance of architecture and its enduring impact on society.

Rule Familiarity: Students were well-informed about the institute's rules and regulations, ensuring a smooth academic journey.

Community Building: The introduction to the larger Pravara Education Society instilled a sense of belonging within the institution's community.

In essence, the "ORIENTATION PROGRAM - Zero to Hero" achieved its objectives by providing students with a holistic introduction to the world of architecture, inspiring them to excel, and ensuring they were equipped with the knowledge and mindset required for success.

'Bamboo As A Construction Material'

Resource People

- Mr. Nihal Sonawane
Director
Aasat Vilayati Verkh Pvt Ltd.
- Mrs. Shilpa Ramesh Mendarkar,
Partner
Aasat Vilayati Verkh Pvt Ltd.

Salient Features of Bamboo Workshop :

- Expert Lecture on bamboo as building material.
- Understanding properties of bamboo. Geometry of structures made out of bamboo.
- Hands on experience of tools used for bamboo construction.
- Hands on experience of constructing structures & furniture from bamboo.

Schedule :

Day -1

- ✓ Brief Introduction to bamboo as a building material
- ✓ Hands on of Erecting Sun Dia Geodesic Dome made of bamboo.

Day -2

- ✓ Hands on of Making door & window for Geodesic dome
- ✓ Hands on of Making Furniture from Bamboo

Day -3

- ✓ Hands on of Making Furniture from Bamboo

Workshop Fee : Rs. 1,000 Inclusive of 3 Days)

Date

Monday 19th August 19
 Wednesday 21st August 2019

Venue:

Amphitheatre,
 Pravara Rural College of Architecture, Loni

Time : 9:00 AM to 6:00 PM. (Reporting Time 8:45 AM.)

Registration Open

For Registration Please contact Mrs. Sharmila Vikhe : 94-9834503444

Subject : Workshop on "Bamboo as a Building Material" for B.Arch. Students.

Dear Sir,

With reference to the subject mentioned above, we are going to organize a three days' workshop on "Bamboo as a Building Material" for students studying B. Arch. At Pravara Rural College of Architecture, Loni on 19th August to 21st August 2019.

Therefore, you are requested to spare your valuable time on 19th August to 21st August 2019 for the same.

Thanking you for your kind co-operation.

Thanking You,

Yours Faithfully,
Rajeshwari

Subject : Letter of Appreciation

Dear Sir,

Thank you for conducting workshop on "Bamboo as a Building Material" for students studying B. Arch. At Pravara Rural College of Architecture, Loni on 19th August to 21st August 2019. Needless to say this will go a long way in creating the awareness about enhancing the knowledge and expertise among the students and faculty.

It was wonderful having you here for this workshop as it has proved to be conducive and contributing in raising the standard of education in this college. We are looking forward to working closely with you in near future.

Thanking You,

Yours Faithfully,

Rajeshwar

2019-20	BAMBOO WORKSHOP - REPORT
Expert Person:	Mr. NinadSubhashSonawane& Miss. Shilpa Ramesh Mendadkar AnantVidnyanVedh Private Limited, Nashik
Aim:	To prepare Geodesic Dome Structure and bamboo furniture.
Objectives of Workshop:	<ol style="list-style-type: none"> 1. To understand Procurement procedure of Bamboo. 2. To understand treatment done on bamboo before using it. 3. To understand the use of chemicals in treatment such as, Borax / Boric Acid , Potassium and Sodium Dichromate , Copper Sulphate 4. To Understand Finishing of nodal treatments 5. To understand and learn bamboo joineries. 6. Aiming at improvement of advanced as well as slow learners.
Duration:	2 Days
No of Students :	78

Summary:

The Bamboo Workshop, facilitated by Mr. Ninad Subhash Sonawane and Miss. Shilpa Ramesh Mendadkar from Anant Vidnyan Vedh Private Limited, Nashik, was a hands-on learning experience that delved into the multifaceted world of bamboo construction and furniture-making. The workshop aimed to equip participants with practical skills and knowledge concerning bamboo procurement, treatment, joineries, and utilization in creating structures and furniture.

Key Objectives of the Workshop:

Geodesic Dome Structure and Bamboo Furniture: Participants engaged in the creation of a Geodesic Dome Structure and bamboo furniture, gaining practical insights into bamboo's application in architectural design and furnishing.

Procurement Procedure of Bamboo: The workshop provided an understanding of the bamboo procurement process, including factors such as selection, sourcing, and quality assessment.

Treatment of Bamboo: Participants learned about the crucial step of treating bamboo before use, comprehending the methods and chemicals employed for proper preservation. Chemicals like Borax / Boric Acid, Potassium and Sodium Dichromate, and Copper Sulphate were covered.

Finishing of Nodal Treatments: The workshop explained the finishing touches required for nodal treatments, ensuring structural integrity and longevity.

Bamboo Joineries: Participants gained hands-on experience and insights into various bamboo joineries, essential for creating robust and stable structures.

Outcomes of the Workshop:

Practical Skills: Attendees acquired hands-on skills in working with bamboo, including treatment methods, joineries, and structural assembly.

Bamboo Knowledge: Participants developed a comprehensive understanding of different bamboo types, their properties, and the appropriate selection for various applications.

Treatment Expertise: Attendees learned about the various treatments bamboo undergoes to enhance durability and prevent decay.

Construction Insight: The creation of a Geodesic Dome Structure gave participants insight into the architectural possibilities and design considerations of bamboo-based constructions.

Sustainability Awareness: Participants gained an appreciation for bamboo as a sustainable and eco-friendly building material.

Collaborative Learning: The workshop fostered collaborative learning, allowing participants to share experiences and insights.

Skill Enhancement: The workshop catered to learners of varying proficiency levels, ensuring both advanced and slow learners benefited from the program.

Instructors Shilpa Mendadkar and Ninad Sonawane provided comprehensive guidance on various bamboo types, joinery techniques, and curing processes. Demonstrations, hands-on activities, and theoretical insights were employed to convey essential knowledge. By the end of the workshop, participants were equipped not only with technical skills but also with an appreciation for bamboo's versatility and potential in sustainable construction and furniture design.

2019-2020

2019-2020	CASE STUDY- PAITHANI TOURISM CENTER ,YEOLA
Subject:	Architectural Design-I
Subject Teacher:	Ar. Dipeeka Arbatti, Ar. Ashwini Gholap, Ar. Shrikant Nikam
Class:	1st Year
Topic:	Case Study
Location:	Paithani tourism center ,Yeola
Aim:	To study planning and circulation handloom information center.
Objectives:	To Study and analyze zoning patterns To study and analyze circulation pattern To study and analyze planning. To study and analyze arrangement of spaces.
Duration:	08:00 am to 04:00 pm
No. Of Students:	29

OUTCOME:

A case study was conducted for the first-year students to design and plan a Handloom Information Center at Yeola. The study took place at Yeola with 29 students, under the guidance of subject teachers Ar. Dipeeka Arbatti, Ar. Ashwini Gholap, and Ar. Shrikant Nikam. The main objective of the case study was to introduce the students to the site and its functioning, providing them with valuable insights for their design and planning project.

During the case study, the students were introduced to the site and gained an understanding of the Handloom Information Center's intended functions and purposes. Various maps were generated by different student groups, covering different topics related to the design and planning of the center. These maps included site analysis, circulation patterns, public built spaces, and other essential aspects.

The students were encouraged to draw sketches of the existing site conditions and circulation patterns during the site visit. This sketching exercise allowed them to observe and analyze the site's physical layout, connectivity, and spatial organization.

To gather comprehensive information, the students utilized various data-gathering methods, such as sketches, data collection, and photographs. They also examined the circulation patterns and the arrangement of public built spaces in the area.

After the site visit and data collection, the students returned to the college and presented their detailed reports during studio lectures. The reports comprised their findings, observations, and analysis, organized according to their respective groups devised by the subject teachers.

The case study provided the first-year students with practical knowledge and skills related to designing and planning a Handloom Information Center. By studying the site and its functions, they could develop thoughtful and contextually relevant design proposals.

In conclusion, the case study for designing and planning the Handloom Information Center at Yeola was a valuable learning experience for the first-year students. The guidance of subject teachers, Ar. Dipeeka Arbatti, Ar. Ashwini Gholap, and Ar. Shrikant Nikam, was instrumental in ensuring a productive and informative case study. The outcomes of this exercise equipped the students with practical knowledge and skills necessary for their future architectural projects, enabling them to design functional and user-centric spaces for the Handloom Information Center.

2018-19	INTELLECTUAL PROPERTY RIGHTS: A NEW AGE CHALLENGE- REPORT
Expert person:	ADV. GANESH ANARTHE (L.L.B, L.L.M.) Advocate in Sangamner Court.
Aim:	To understand Intellectual Property Rights as A New Age Challenge
Objectives:	i. India's Ranking and present status in the IP Index ii. World scenarios regarding IPR
Duration:	1hour
No. of students :	63

Summary:

Pravara Rural College of Architecture, located in Loni, took a proactive stance in addressing the contemporary issue of Intellectual Property Rights (IPR) through an insightful seminar. The seminar, titled "INTELLECTUAL PROPERTY RIGHTS: A NEW AGE CHALLENGE," aimed to provide participants with a comprehensive understanding of the challenges and opportunities posed by intellectual property in the modern era.

Advocate Ganesh Anarthe, an authority in the field of intellectual property law, spearheaded the seminar's content, sharing his expertise and insights. Architect Jameer Mulani played a pivotal role as the faculty in charge of organizing and coordinating the seminar, ensuring its success.

The seminar encompassed two significant focal points:

India's Ranking and Present Status in the IP Index: An exploration of India's current standing in the global Intellectual Property Index formed a core part of the discussion. This segment delved into India's achievements, challenges, and advancements in the realm of intellectual property, offering participants valuable insights into the nation's progress and areas that require further attention.

World Scenarios Regarding IPR: The seminar extended its scope beyond India to provide attendees with a broader perspective on international Intellectual Property Rights scenarios. This segment encompassed an analysis of global trends, emerging practices, and international case studies. Participants gained a comprehensive view of the interconnected nature of intellectual property regulations on a global scale.

The seminar bore fruits in terms of outcomes:

1. Enhanced Awareness: Participants gained a deeper awareness of the complexities and significance of Intellectual Property Rights in the modern world. The seminar fostered a heightened understanding of the challenges and opportunities presented by IPR.

2. Informed Discussions: The knowledge shared during the seminar acted as a catalyst for informed discussions among attendees. This provided a platform for the exchange of ideas and perspectives related to intellectual property challenges.

3. Practical Insights: Adv. Ganesh Anarthe's expertise provided attendees with practical insights into dealing with intellectual property issues in various contexts, enriching their understanding of real-world scenarios.

4. Academic Enrichment: The seminar aligned with the college's commitment to academic enrichment. Participants gained exposure to contemporary issues and challenges, thereby enhancing their educational experience.

5. Commitment to Continuous Learning: The seminar demonstrated Pravara Rural College of Architecture's commitment to nurturing advanced learners. By addressing intellectual property challenges, the institution aimed to contribute to the personal and professional growth of its participants.

To conclude, the "INTELLECTUAL PROPERTY RIGHTS: A NEW AGE CHALLENGE" seminar organized by Pravara Rural College of Architecture succeeded in its mission to impart awareness, insights, and knowledge about intellectual property in the modern context. With the guidance of Advocate Ganesh Anarthe and Architect Jameer Mulani's stewardship, the seminar contributed to advancing the understanding of intellectual property rights among the participants, fostering an environment of learning and engagement.

Ar.JameerMulani felicitate Adv. Ganesh Anarthe on the occasion of IPR seminar.

2018-2019

2018-2019	CASE STUDY- SANKET NURSERY
Subject:	Landscape Architecture-I
Subject Teacher:	Ar. Dipeeka Arbatti, Ar. Sonali Chaskar.
Class:	3rdYear
Topic:	Nursery
Location:	Sanket Nursery, Shirampur M.I.D.C, Wakdi Road,Ahmednagar, Maharashtra
Aim:	To study different kind of species of plant material .(Softscape)
Objectives:	<ul style="list-style-type: none"> i. To Introduce Different Types of plant material. ii. To Introduce growing conditions , Water requirement and sunlight required for each plant. iii. To study indoor and outdoor plants. iv. To Introduce difference between ground covers, shrubs, small trees and large trees
Duration:	11.00am To 2.00pm
No. Of Students:	36

OUTCOME:

A case study was conducted for the 3rd-year class to carry out a landscape study at Sanket Nursery, Wakadi. The landscape visit was organized under the guidance of Ar. Dipeeka Arbatti and Ar. Sonali. The main objectives of the study were to introduce different types of plant materials, understand their growing conditions, water requirements, and sunlight needs. The students also aimed to study both indoor and outdoor plants and distinguish between ground covers, shrubs, small trees, and large trees.

During the landscape visit, the students had the opportunity to explore the diverse species of plants and shrubs available at Sanket Nursery. They gained knowledge about the various decorative plants suitable for landscape layouts, enabling them to understand how to create visually appealing and well-balanced outdoor spaces.

The case study successfully fulfilled all its objectives:

Introduction to Plant Material: The students were introduced to a wide range of plant materials, including different species of plants, shrubs, and decorative plants commonly used in landscape design.

Growing Conditions and Water Requirements: The students learned about the specific growing conditions required for each plant, such as soil type, moisture levels, and climate preferences. Understanding the water requirements for various plants was vital for creating sustainable and water-efficient landscape designs.

Sunlight Needs: The students gained insights into the sunlight requirements of different plants, which is crucial in determining their suitable placement within a landscape layout.

Study of Indoor and Outdoor Plants: The landscape study allowed the students to explore both indoor and outdoor plants, understanding how each type contributes to different design elements and atmospheres.

Differentiation between Plant Types: Through the study, the students became proficient in differentiating between ground covers, shrubs, small trees, and large trees. This knowledge would aid them in selecting and combining plants to create harmonious and visually appealing landscapes. To document their findings, the students prepared a comprehensive inventory of all the plants present in the nursery. The documentation was carefully organized in a spiral-bound format, ensuring easy access and reference for future design projects and studies.

Overall, the landscape study at Sanket Nursery proved to be a valuable learning experience for the 3rd-year students. The hands-on exposure to various plant materials and their characteristics equipped the students with essential knowledge and skills necessary for creating thoughtful and aesthetically pleasing landscape designs in their future careers as architects.

Summary:

The "MIND POWER WORKSHOP" conducted by Mr. Pankaj Bhadge, Director and Mind Power Lead Coach at MPOWER Mindset Transformation Academy in Pune, Maharashtra, India, proved to be a transformative event aimed at unlocking the potential within individuals. The workshop was organized with the collaborative efforts of Ar. Rajeshwari Jagtap and Ar. Sonali Chaskar, who played crucial roles in its execution.

Ar. Rajeshwari Jagtap initiated the workshop by highlighting the essential role that Mind Power plays in our lives. This encompasses self-belief, confidence, positive thinking, and the ability to set and pursue goals. Subsequently, Mr. Pankaj Bhadge, the lead coach, took over the proceedings. His expertise centered on enhancing students' confidence levels and fostering a positive attitude among them.

The workshop was a journey of self-discovery and empowerment, focusing on the following objectives:

Changing Beliefs and Thought Patterns: Participants were encouraged to reshape their belief systems and thought patterns to unleash their full potential.

Translating Power into Action: The workshop aimed to guide individuals in channeling their inner power into productive and actionable endeavors.

Goal Setting and Achievement: Attendees were taught the art of setting and achieving goals, thereby transforming their dreams into tangible realities.

Problem-Solving and Opportunity Identification: The workshop equipped participants with the skills to convert challenges into opportunities and address problems effectively.

Controlling Pain and Sleep Management: Techniques for managing pain and achieving restful sleep were imparted, contributing to holistic well-being.

Fostering a Positive Attitude: The workshop aimed to cultivate a positive attitude that attracts abundance and enhances emotional and spiritual intelligence.

Overcoming Addictions and Phobias: Participants were guided on how to break free from destructive addictions and phobias that hinder personal growth. on a journey of transformation.

Stress Control and Mental Harmony: Strategies for stress management and achieving mental harmony were shared, enabling a balanced and peaceful existence.

Self-Confidence, Concentration, and Creativity: The workshop aimed to boost self-confidence, enhance concentration, and harness creative abilities for long-lasting development.

Participative Learning for All: The workshop was designed to cater to both slow and advanced learners, fostering a participative learning environment.

In the culmination of the workshop, Ar. Sonali Chaskar conveyed a vote of thanks to acknowledge the collective efforts that contributed to the workshop's success. The "MIND POWER WORKSHOP" stood as a platform for individuals to tap into their inner reservoirs of potential, guiding them towards personal growth, enhanced well-being, and the realization of their aspirations. Through a mix of theoretical insights and practical exercises, participants were empowered to rewrite their life narratives and embark

CERTIFICATE OF REGISTRATION FOR CLASS 'A'

We hereby certify that, the firm having following particulars is registered with **MAHARASHTRA ENERGY DEVELOPMENT AGENCY (MEDA)** under given category as "Energy Planner & Energy Auditor" in Maharashtra for Energy Conservation Programme of MEDA.

Name and Address of the firm : M/s PowerTech Energy Solutions
Office No. 01, Boring, 3rd Floor,
Pragati Prada, Hinjawadi High Road Borewell,
Pragati Chowk Road - 411 026.

Registration Category : *Specialized Consultant for Energy Conservation Programme for Class 'A'*

Registration Number : *MEDA/ECN/2022-23/Class - A/A.1.11*

- Energy Conservation Programme intends to identify areas where wasteful use of energy occurs and to evaluate the scope for Energy Conservation and take concrete steps to achieve the evaluated energy savings.
- MEDA reserves the right to visit at any time without giving prior information to verify quarterly activities performed by the firm and renewing the registration, if the information is found incorrect.
- This certificate is valid till **3rd October, 2024** from the date of registration, to carry out energy audits under the Energy Conservation Programme.
- The Director General, MEDA reserves the right to cancel the registration at any time without assigning any reasons thereof.

General Manager (A)

1 About College

Pravara Rural College of Architecture, Loni started on a small campus in 1996 with 4 teachers and 20 students. It has bloomed into a college with an expansive, independent campus with 16 teachers and 40 students in 2018-19. The institute is one of the most prominent architecture colleges in rural areas.

Upgrading the residential standards of rural residents is one of the mottos. Annual seminars, study tours, workshops, settlement study, and guest lectures impart students the knowledge of latest architectural developments, traditional Indian architecture, and rural architecture.

A spacious campus is loaded with modern infrastructure facilities and we back it up with a barrier-free ambience for unrestricted student development. College alumni have made a name for themselves in multinational and national architecture firms as well as in governmental and semi-governmental departments.

After successfully hosting Zonal National Association of Students of Architecture (NASA) in 2009 and 2012, we also hosted the State level Seminar “Design in Architecture Curriculum Methods and Model of Teaching” in January 2016.

1.1 Mission

M1:-To develop the students for professional excellence and personal development in the field of architecture.

M2:-To develop professionals in the field of architecture, who can serve as innovators and creators of national and global economic growth.

M3:- To develop the students for leadership roles with skills & knowledge to improve the quality of the built environment on both national and international level through collaborations in the field of architecture.

1.2 Vision

To create excellent professional graduates for the contemporary architectural industry and socially responsible Architects who will play a key role in shaping the rural and urban sustainable development.

2 Energy Audit

An energy audit is an inspection, survey and analysis of energy flows, for energy conservation in a building, process or system to reduce the amount of energy input into the system without negatively affecting the output(s). In commercial and industrial real estate, an energy audit is the first step in identifying opportunities to reduce energy expense and carbon footprints.

2.1 Electricity Bill Analysis

At present, one electricity meter is there for all campus

Bill analysis for consumer number 174462986503 shown below

2.5 Percentage Wise Distribution of Lighting

All the tubes used are of LED type.

Type of Light	Total Nos.	% Use
LED	59	100%
Total	59	

3 Requirements of NAAC

3.1 Alternative Energy Initiative

3.1.1 Percentage of lighting power requirement met through LED bulbs

= (Lighting power requirement met through LED bulbs / Total lighting power requirement) X 100

= (326.04/326.04) X 100

= **100 %**

3.1.2 Percentage of lighting power requirement met through renewable energy sources

= (Lighting power required met through renewable sources / Total lighting power requirement) X 100

= (0 / 100) X 100

= **0 %**

4 Green Audit

Green audit was initiated with the beginning of 1970s with the motive of inspecting the work conducted within the organizations whose exercises can cause risk to the health of inhabitants and the environment. It exposes the authenticity of the proclamations made by multinational companies, armies and national governments with the concern of health issues as the consequences of environmental pollution. It is the duty of organizations to carry out the Green Audits of their ongoing processes for various reasons such as; to make sure whether they are performing in accordance with relevant rules and regulations, to improve the procedures and ability of materials, to analyze the potential duties and to determine a way which can lower the cost and add to the revenue. Through Green Audit, one gets a direction as how to improve the condition of environment and there are various factors that have determined the growth of carrying out Green Audit. Some of the incidents like Bhopal Gas Tragedy (Bhopal; 1984), Chernobyl Catastrophe (Ukraine; 1986) and Exxon-Valdez Oil Spill (Alaska; 1989) have cautioned the industries that setting corporate strategies for environmental security elements have no meaning until they are implemented.

Green Audit is assigned to the Criteria 7 of NAAC, National Assessment and Accreditation Council which is a self-governing organization of India that declares the institutions as Grade a, Grade B or Grade C according to the scores assigned at the time of accreditation.

The intention of organizing Green Audit is to upgrade the environment condition in and around the institutes, colleges, companies and other organizations. It is carried out with the aid of performing tasks like waste management, energy saving and others to turn into a better environmental friendly institute.

4.1 Goals of Green Audit

- The objective of carrying out Green Audit is securing the environment and cut down the threats posed to human health.
- To make sure that rules and regulations are taken care of
- To avoid the interruptions in environment that are more difficult to handle and their correction requires high cost.
- To suggest the best protocols for adding to sustainable development

4.2 Benefits of Green Audit

- It would help to shield the environment
- Recognize the cost saving methods through waste minimizing and managing
- Point out the prevailing and forthcoming complications
- Authenticate conformity with the implemented laws
- Empower the organizations to frame a better environmental performance
- It portrays a good image of a company which helps building better relationships with the group of stakeholders
- Enhance the alertness for environmental guidelines and duties

5 Initiatives by College

5.1 Tree Plantation

Tree-planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purpose. It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds.

In silviculture the activity is known as reforestation, or afforestation, depending on whether the area being planted has or has not recently been forested. It involves planting seedlings over an area of land where the forest has been harvested or damaged by fire, disease or human activity. Tree planting is carried out in many different parts of the world, and strategies may differ widely across nations and regions and among individual reforestation companies. Tree planting is grounded in forest science, and if performed properly can result in the successful regeneration of a deforested area. Reforestation is the commercial logging industry's answer to the large-scale destruction of old growth forests, but a planted forest rarely replicates the biodiversity and complexity of a natural forest.

Because trees remove carbon dioxide from the air as they grow, tree planting can be used as agro engineering technique to remove CO₂ from the atmosphere. Desert greening projects are also motivated by improved biodiversity and reclamation of natural water systems, but also improved economy and social welfare due to increased number of jobs in farming and forestry.

College has planted the trees campus area to make it more environments friendly. Below are the some records, photos which shows the

Efficient irrigation: Drip irrigation is used in gardens and landscapes, as they deliver water directly to

plant roots, minimizing water loss through evaporation and runoff.

Drip irrigation for tree plantation

Soak pits

Liquid waste from toilets is channeled through pipes into soak pits

5.2 Rain Water Harvesting

Rainwater harvesting: College implement rain water harvesting that collect and store rainwater from rooftops of college surfaces in tanks and later use for gardening.

Schematic of rain water harvestin system is shown below

5.3 Vermicomposting

A college established a vermicompost pit in the campus with the aim of managing organic waste more sustainably. The project required **1500 kg** of non-degradable waste and **4 kg** of earthworms to initiate the vermicomposting process. The vermicomposting pit successfully transformed these materials, resulting in the production of **1000 kg** of nutrient-rich vermicompost. This process highlights the college's commitment to environmental responsibility and the reduction of waste through innovative and eco-friendly practices. The vermicompost produced through this sustainable initiative found multiple valuable applications within the college's ecosystem. Apart from enriching the soil for tree planting, the nutrient-rich vermicompost was used to nourish the college's gardens and flower beds.
